Judge Everett J. Brown to Sit in Case Against Assessor to Go On Tomorrow

Attorneys for Accused Man Refuse to Divulge Plans; Denahue Is Ready

"Judge Everett J. Brown will preside over the criminal department of the Superior Court during the trial of County Assessor Henry P. Dalton, which is set down to begin tomorrow morning. This was finally settled upon late yesterday afternoon, when it became apparent that Judge William S. Wells would not be equal to the physical strain that the judicial conduct of the case will entail upon the presiding judge. The prosecution is ready for trial."

District Attorney William H. Denahue authorized the foregoing statement this morning when he was asked by a representative of THE TRIBUNE for a last word preliminary to the opening of the trial of County Assessor Dalton on the charge of asking for and accepting a bribe of \$5000 from the Spring Valley Water Company tomorrow morning. He refused to comment on the case further, saying that he had absolutely nothing more to make public. Before the trial begins the second case against Dalton, in which he is accused of asking for and agreeing to accept a bribe of \$25,000 from the Spring Valley people to reduce the assessment of their Alameda county property by one-half, or \$2,500,000, during the ensuing four years, will be called up to be set for trial, and this disposed of the court will order the trial to proceed.

ATTORNEYS SILENT.

Attorneys for the County Assessor still retain the same silence as to the nature of their client's defense, which they have maintained ever since Dalton was indicted on two counts by the Grand Jury. Gehring & Wyman, who are engaged with Attorney Charles H. Fairall of San Francisco and Attorney W. Earl Hill of this city, as counsel for the County Assessor, have had in charge most of the hard preliminary work of the trial, and while they are probably more familiar with the details of the defense than either of their colleagues they said today that the interests of their client forbade them from talking about the case. Detectives have been at work during the last few weeks in the interest of Dalton, however, and this indicates that the County Assessor will endeavor to weave into his defense the theory that he is the victim of a political conspiracy. To what limit the court will allow the defense to carry this feature of the case remains to be developed.

Dalton's counsel has indicated that the

Heart-Broken Parents Seek Missing Daughter

SAN FRANCISCO, June 21.—No trace has so far been discovered of the whereabouts of Esther Chapman, daughter of William R. Chapman, of 1124 Gough street, who has been missing since Monday afternoon. The girl is only 12 years old and her parents are heart-broken over her disappearance. Detective Behan, who has been detailed on the case, has so far failed to get hold of a tangible clue. The Chalmers are strangers in the city and while the mother and father were out for a walk on Monday the young girl led the house. She knew no one in the city and there is no place to which she could have gone, according to her mother, who can furnish the police with absolutely no information which will help them in any way. Before leaving the girl put on her best clothes, put on a hat and told her mother she must not wear them except on Sunday.

Emperor William Greeted By American Warships

KIEL, June 21.—Emperor William arrived here this afternoon from Hamburg on the Hohenzollern and was saluted with 32 guns by every warship in the harbor. The American crews, like the Germans, manned the sides of the vessel at the approach of the imperial yacht. The Hohenzollern, with the emperor on the bridge, the main mast, and the Stars and Stripes from the mizzen mast,

Taft Refers to Standard Oil Decision at Banquet

NEW HAVEN, June 21.—Speaking at the Yale Alumni luncheon here today President Taft declared that the decision of the United States Supreme Court in the Standard Oil and American Tobacco cases have pointed a clear road over which the honest business man can travel in safety. It was the first public

reference the President has made to the decisions handed forth by the presence on the platform with him of Associate Justice Lamar.

"I believe these decisions," said the President, "have done and will continue to do great good to all the business of the country."

Senator Root Opens Reciprocity Argument With Defense of President

Declares Farmers of Country Are Unduly Apprehensive Over Schedule

WASHINGTON, June 21.—Senator Root formally opened the Canadian reciprocity debate in the Senate today. He announced that he favored the agreement and defended President Taft's course in negotiating it, declaring that in no way had he exceeded his authority.

Root also spoke in favor of his amendment to the wool pulp and paper provision of the bill, to which President Taft is opposed on the ground that it might jeopardize the entire agreement. He insisted that the President had followed the practice ordinarily followed by the diplomatic and executive officers of the government in giving assurance to other governments that certain things would or would not be done.

"This is in no sense a treaty," said Senator Root. "It is one of those reciprocal agreements which are made between executives of two governments for the effective conduct of negotiations in regard to internal affairs."

UNDULY APPREHENSIVE.

"I think the farmers of the country are unduly apprehensive. I believe this reciprocity agreement will be for the best and the permanent interest of our country, and I must be for it."

The senator made reply to Republican senators who had intimated that the passage of the measure would be followed by reprisals that might result in the pulling down of the protective tariff system.

"When those men and their constituents view the subject later, calmly, in the interests of the whole country," said Root, "they will forget their revenges and vote in accordance with their principles."

CHANGE IN SENTIMENT.

Senator Root said no one could be bound to the change of sentiment in the country upon the tariff question. The Canadian agreement, he said, negotiated in a Republican administration and backed by a general popular support, was a great evidence of this change.

"The law is not inflexible, unless there is another revolution of sentiment," said Senator Root, "that the people will ever permit their cost of living to be increased by duties on their ordinary necessities, when the consumption equals the limit of production in this country."

Senator Bailey asked why the tariff should be retained on clothing if removed from food products.

Senator Root answered that food was the greater necessity and that dual consideration was undesirable.

"But clothing is as essential as food," persisted Bailey. "If we go without food we starve. If we go without clothing we freeze."

"Not now," interjected Root, mopping his brow, amid laughter. "If we go without clothing now we are arrested and sent to jail. There is no law compelling any one to eat, but there is a law compelling him to go clothed."

Barbed Wire Beheads Kansas Motorcyclist

SALINA, Kan., June 21.—George Higgins, custodian of schools at Colby, Kan., was beheaded when he rode a motorcycle into a barbed wire stretched across the county road near Colby. Charles Quick, a former county attorney, riding with Higgins, was seriously injured, but will recover.

Government Wins Suit to Dissolve Powder Trusts

WILMINGTON, Del., June 21.—The federal government today won its suit to dissolve alleged powder trusts in a decision handed down late this afternoon by Judge Lanning in the United States Circuit Court for the District of Delaware.

The suit was instituted in 1907 under the Sherman anti-trust act against forty-three corporate and individual defendants. The court dismissed the petition as to fifteen defendants and held that the other twenty-eight were in combination to restrain interstate commerce and that the combination be dissolved.

LONDON IS TAXED BY GREAT CROWD

Thousands Throng the Streets to See Jubilee Decorations

LONDON, June 21.—London was taxed to its capacity today. It was coronation day and thousands flocked from the suburbs to the city's west end to see the decorations and watch the preparations for tomorrow's great event.

The decorations were practically completed and afforded a never-ending source of attraction for the crowds, which in vehicles and afoot, former a continuous ever-moving mass from the city center to the west end, ministered to the king and queen this morning.

The day was filled with interesting events. Royal carriages with scarlet-clad footmen, and motor cars with crown emblems on hoods went to and fro, conveying the king's guests to entertainments arranged in their honor to pay formal calls upon one another.

SOLDIERS ON PARADE.

The patience of the crowds was rewarded by the appearance from time to time of regiments of infantry, accompanied by bands, which were arriving to take part in lining the route of tomorrow's procession from the palace to the abbey, and the passing of state carriages containing dominion premiers, members of every parliament and legislature of the empire, who had come to pay homage to the sovereign and who were received in audience by the king and queen this morning.

SERVICES HELD.

This being the day for special intercession for the king and queen, services were held in all the churches and meetings at public halls were addressed by the Bishop of London, the Bishop of Ripon and other leaders of religious thought.

Other attractions of the busy day included the drive of the king and queen to the palace.

POSSES ON ROBBERS' TRAIL

Shasta Limited Hold-Up Men Expected to Be in Custody in Few Hours

Bloodhounds Close in on the Slayer of Idaho Conductor and Officer

DRAIN, Ore., June 21.—According to Sheriff Quine, there is good reason to believe that before tonight fall today the men who held up the Shasta Limited June 16 will be in custody. Last night when darkness fell the bloodhounds gave every indication of being on a warm trail, their excitement increasing materially toward nightfall.

This morning at daybreak the hounds took up the trail again and it was then expected that the fugitives would be captured within a few hours.

The men are in the Loon Lake region, a difficult country to traverse. From the general course they may have taken they appear to be heading for the mouth of the Umpqua river, hoping to secure passage on a coasting steamer.

CROSS RIVER.

Report reached Drain late last night that the bandits who robbed the mail car on the Shasta Limited June 16, crossed the Umpqua river at Elkton, 16 miles west of this point, and that the dogs were but a few hours behind them.

The bandits have a very small chance of escape and will eventually be surrounded, as posses are working toward them from both east and west. The bandits evidently followed the Umpqua river from a point near Smith's Ferry, going thence to Elkton, having crossed the mountains from Yoncalla in a westerly direction until they struck the river. The country along the Umpqua from Elkton along the mail route to the mouth of the river, is very thinly settled, there being only one small town between Elkton and Gardiner. Between Scottsburg and Marshfield on the automobile stage route there is only one very small village.

CLOSE IN ON SLAYER.

POCATELLO, Idaho, June 21.—That the capture of Hugh Whitney, one of the two Idaho desperados who killed Conductor Kidd and wounded Deputy Sheriff Milton, and while eluding posses shot two other men, one at Hamer and the other at Menan, is but a matter of hours, is the report received today from Willow Creek, 15 miles east of Pocatello, Fremont county, where a posse of twenty armed men with bloodhounds from the Montana penitentiary are hot on the trail. The outlaw stopped at a sheep camp and inquired the way to Pocatello, where he was arrested yesterday morning from Soda Springs to intercept his flight eastward into the Jackson hole country.

ENDURANCE IS SURPRISE.

Whitney's endurance is a matter of wonder to the posse men. With their later start, many have almost succumbed to the rigors of the trail, while their quarry, with little sleep possible and scant refreshment, is keeping to the saddle after four days of almost continuous riding.

Still the pace is telling. His steps were uncertain as he approached the door of Pelot's ranch house, and his nervousness was self-evident. Although he loaned his rifle to one of Pelot's boys to try a shot at an eagle, he kept his hand on the butt of his revolver and turned uneasily when any one got behind him.

Breakfast at Pelot's, as nearly as the officers can judge, was the second meal Whitney has had in the four days of his flight. Rain has been of considerable help to him, as it has washed out his trail and thrown the Montana bloodhounds off the scent more than once. A disturbance at 3 o'clock this morning near the Brinson mine where the main posse was camped, is thought to have been caused by an effort of the bandit to steal on of the horses turned out to graze by the posse. The barking of the dogs may have frightened him away.

AMERICAN FLEET ANCHORS AT KIEL

The U. S. Warships Will Have Prominent Place in Emperor's Naval Review.

KIEL, Germany, June 21.—The American warships, second division of the Atlantic fleet, arrived here early this morning and are moored in the inner harbor before town, surrounded by the array of battleships and yachts gathered for the emperor's great annual naval festival.

Practically the entire German navy including a full division of the new dreadnaughts, are assembled, the only absentees being the cruiser Von Der Tann, which is at Spithead for the coronation, and the obsolete reserve division at Wilhelmshaven.

Admiral von Tirpitz, commander of the fleet, minister, and creator of the new German navy, heads an imposing list of admirals commanders.

SALUTE GERMAN ADMIRAL.

As soon as the visitors were moored the Louisiana saluted Admiral von Tirpitz's flag, and the salute was promptly answered. From then on the guns were kept hot with an almost uninterrupted exchange of salutes for several hours, as the admirals, commanders, diplomats and representatives came and went between the entertaining and visiting crafts, exchanging official calls of courtesy.

Dr. David Jayne Hill, the retiring American ambassador to Germany, arrived during the forenoon, and boarded the Kansas, where he will be quartered during his stay here. Later in the day the United States collier Cyclops arrived and attracted nearly as much attention from the crowds as the quays at the battleships. In addition to the Louisiana and Kansas, the American battleships of the visiting division are the New Hampshire and South Carolina.

queen through the west end to the National horse show at Olympia, where there was a special performance, including a parade of foreign officers; a review of the Canadian troops by Sir Wilfrid Laurier at the Chelsea barracks; the Duke of Connaught dinner to the king and queen and visiting members of royalty, foreign envoys and Dominion premiers at St. James Palace; Lord Derby's dinner to the Dominion representatives at Derby House, and innumerable private luncheons, dinners and dances.

U. S. OFFICERS GUESTS.

The senior officers of the foreign ships assembled at Spithead, among whom were Captain Charles A. Gove, commander of the American battleship Delaware, and his companions, accompanied by British naval officers, came to London today to be the guests of the nation for two days, and proved an added source of interest in the cosmopolitan multitude already here. The police, who have strenuous work ahead of them, already are doing double duty. Even street traffic at times gets the better of them, and today it occasionally remained at a standstill for half an hour or longer, particularly in the center of the city. More than 20,000 ambulance men have been engaged for coronation day and already many have been placed

on duty, though thus far there has not been much call for their services.

SKY OVERCAST.

The sky was overcast today, but according to the forecasters there is every reason to expect a fine day for the coronation.

In the absence of Premier Laurier, the Canadian troops at the Chelsea barracks were reviewed this afternoon by Sir Frederick W. Borden, the Canadian minister of militia and defense.

During the day Captain Gove and the other officers of the Delaware, accompanied by Major S. L. H. Slocum, American military attaché at London, called at the foreign office, where they were introduced to the chiefs and shown through the interesting parts of the building.

John Hays Hammond, special ambassador from the United States, accompanied by Ambassador Reid, he visited Sir Edward Grey, British minister of foreign affairs at the foreign office. Tonight the special ambassador will be given a dinner by the Duke of Connaught.

Memorial Ball Is Brilliant Affair at British Capital

LONDON, June 21.—Albert hall last night was the scene of the most brilliantly appointed affair London has known in recent years, when the Shakespearean memorial ball, with 12,000 people in attendance, including every person of prominence in London, was held as a preliminary festivity to the coronation celebration to take place tomorrow.

The magnificently gowned women, their sparkling, glittering jewels, the splendor and beauty of the scene, will never be forgotten in the city's festive history. Albert hall was transformed for the occasion into an exquisite terraced Tudor garden, with the entire interior banked with roses.

The ball was organized by an American woman, Mrs. George Cornwallis West, who was formerly Lady Randolph Churchill, previously Miss Jenny Jerome of New York.

NOTABLES ATTEND.

Among the prominent people in attendance were Mrs. Patrick Campbell, the Duchess of Marlborough, the Duchess of Roxburgh, Mrs. John Jacob Astor, Mrs. William Waldorf Astor, the Countess of Craven, Mrs. Whitelaw Reid, wife of the American ambassador; the Viscountess Midstone, Lady McAllister Innes Ker, Mrs. Joseph Stedman of New York, Mrs. George Rose, Mrs. Hermann Oelrichs, Mrs. Cornelius Vanderbilt, J. Pierpont Morgan, Frederick T. Martin, J. Armstrong Drexel, the Countess of Essex, who was Adeline Grant of New York, Mrs. Charles P. Taft, Mr. and Mrs. Isador Wormser of New York and hosts of others.

Mrs. George Cornwallis West's quadrille, "Twelfth Night," was the sensation of the evening. Mrs. John Jacob Astor was criticized on account of her dress, an exquisite creation, with a crown as a court lady. Another interesting feature was the quadrille of the Amazons, which included eighteen of the tallest and handsomest women in London society, few of them being under six feet.

Elaborate Program for Celebration of Coronation Here

British residents of the bay cities are preparing an elaborate program for the celebration in honor of the crowning of George V. and Queen Mary, to be held

at Shell Mound park on coronation day, June 22.

A grand chorus of 200 voices will be heard in songs of the United Kingdom and the United States, under the direction of John W. McKenzie, and will be assisted by several prominent soloists, among them Miss Ruth McKenzie, contralto, and Miss Lillian Beaumont, soprano, who will sing the "Invocation." Other prominent members of the chorus will be Miss Mona Dixon, Miss Hazel McKenzie and Miss Bernice Army.

Songs will be rendered by a quartet consisting of Bernice Army, Hazel S. McKenzie, Ruth May McKenzie and Lou E. McKenzie.

A special feature of the day will be competitive Maypole dances between the Oakland and San Francisco lodges of the Daughters of St. George. Golden Gate lodge of Oakland is being trained by Mrs. C. A. Rice, Mrs. Fanny Petty and Mrs. Eliza Loverson.

Those taking part in the dance from the Oakland section will include: Phillips B. Andrews, Mary Cook, Mary C. Fielder, Ethel M. Fiske, Hazel V. Granholt, Ivey M. Hunt, Hilda Inganni, May Joste, Helen F. Long, Catherine E. Maclean, Allen A. Muley, Lillian O. Iselman, Doris C. Orton, Muriel A. Orton, Isabelle C. Rhodes, Marjorie M. Rogers, Ethel Toke, Evelyn Vierckle, Jeannette Watchers and Eloise C. Yarnke.

TERRY HELD TO \$100,000 OFFER

Court and Bank Superintendent Refuses the Lumberman Withdrawal Permission.

REDDING, June 21.—After having offered to pay \$100,000 cash to settle an indebtedness of \$205,000 to the defunct Bank of Shasta County, J. E. Terry, a Shasta county lumberman, yesterday attempted to withdraw the offer ten minutes before the court was to take up the compromise for consideration.

Bank Superintendent Williams refused to accept Terry's notice of withdrawal. Judge Head also refused to listen to the proposition, and as the \$100,000 is in the First National Bank of San Francisco, there to remain until July 1, awaiting the approval or disapproval of the court, Terry has no strings on it.

Terry's sworn statement submitted at the time the compromise was agreed upon, was read in court yesterday. This was followed by his own oral testimony by way of explanation. But before he began to testify the warning sections of that he could refuse to answer questions the answers of which might incriminate him. Terry evaded nothing and he talked about the thousands he owed with little concern.

Terry, under oath, estimated his fortune at between \$700,000 and \$800,000, including 225,000,000 feet of standing timber, railroads, sawmills, flume, water rights, box factories and equipment.

TAFT DENOUNCES DRUG FRAUDS

Urges Congress to Amend the Pure Food Law at Once.

(Continued From Page 1.)

medicine to work the cures claimed for them on the labels. It follows that, without fear of punishment under the law, unscrupulous persons, knowing the medicines to have no curative value, claim value for the diseases for which they indicated them, may ship in interstate commerce medicine labeled as cures for diseases which, in the present state of science, are recognized as incurable.

"An evil which menaces the general health of the people strikes at the heart of the nation and supplies the sale of dangerously adulterated drugs, or the sale of drugs under knowingly false claims as to their effect in disease, constitutes such an evil and warrants me in calling the matter to the attention of the Congress.

DANGEROUS FRAUDS.

"At the time the food and drugs act was passed there were current in commerce literally thousands of dangerous frauds labeled as cures for epilepsy, cure for consumption and all lung diseases, cures for all kidney, liver and malarial troubles, cures for diabetes, cures for tumor and cancer, cures for all forms of heart disease, in fact, cures for all the ills known at the present day. The labels of many of these so-called cures indicated that they were cures for diseases of children. They were not only utterly useless in the treatment of the disease, but in many cases were positively injurious. If any of these statements had been true no one with access to the remedies which bore them need have died from any cause other than old age.

"Unfortunately the statements were not true. Prior to the recent decision of the Supreme Court, the officers charged with the enforcement of the law regarded false and misleading statements concerning the curative value of nostrums as misleading and there was a general acquiescence in this view by the proprietors of the nostrums. Many cures, in consequence, were withdrawn from the market and the proprietors of many other alleged cures eliminated false and extravagant claims from their labels, either voluntarily or under the compulsion of criminal prosecution.

MANY PROSECUTIONS.

"Nearly one hundred criminal prosecutions on this charge were concluded in the federal courts by pleas of guilty and the imposition of fines. More than 150 cases of the same nature, involving some of the rankest frauds by which the American people were ever deceived, are pending now and must be dismissed.

"I fear, if no remedial be granted at this session, that the good which has already been accomplished will be undone and the people of the country will be deprived of a powerful safeguard against dangerous frauds.

"The statute can easily be amended to include the evil I have described. I recommend that this be done."

DALTON TO GO ON TRIAL TOMORROW

Accused Assessor's Attorneys Refuse to Divulge the Defense.

(Continued From Page 1.)

hardest part of its battle will be waged during the empanelling of the jury. This part of the trial, it would seem at the present time, will consume most of the court's time. According to the district attorney, not more than a few days will be taken up by the introduction of evidence, but a much greater time will be consumed in securing a jury, because of Dalton's political prominence in the county, the question of politics will be a titanic issue between contending counsel.

MAY NOT ASK ELISOR.

While it has been reported repeatedly that Dalton's attorneys intend to demand the disqualification of the panel of trial jurors and the summoning of a special venire by an elisor, this plea of the case in current discussion of the trial. In fact, it was stated today by a member of District Attorney Donahue's staff that more than likely the defense would not ask for elisor until the present panel is exhausted and another venire is required to draw from to complete the jury.

Assistant District Attorney W. H. L. Hynes will have an active conduct of the prosecution. He will do most of the questioning of jurors and witnesses, although the district attorney himself will be in actual charge of the case for the people.

Dalton's legal promises to develop into a blood and iron fight, wherein technicalities and every point that the law and legal talent can suggest are destined to figure prominently. Overflow crowds are expected to be attracted to the coronation trial, from the beginning of the trial, and in view of this, Sheriff Barnett has been asked to have a sufficient force of deputies on hand to prevent overcrowding of the room and incident disorder.

EXPLOSION CAUSES PANIC IN HOTEL

Dynamite Again Damages the Conduit of the Chicago Electric Co.

CHICAGO, June 21.—A dynamite explosion in a conduit of the Commonwealth Edison Company in Hanlon place, between Michigan and Wabash avenues, early today broke windows in buildings for several blocks around and caused a panic in several hotels in the vicinity.

Guests at the Blackstone and Congress hotels and the Young Women's Christian Association were aroused and many of them ran into the street in a panic. The explosion was the fifth within three weeks in the conduits of the Edison company and the police are working on the theory that the dynamite was placed by employees of the company in an effort to force it to abolish the open shop. The detonation was heard for more than five miles and many hundred panes of glass were broken, though no one was injured by the explosion.

Mrs. Henderson was found unconscious at 10 o'clock this morning and it was immediately apparent that she had dozed off to sleep while reading and that the gas had been extinguished by a gust of wind.

Mrs. Henderson was a great reader and it was her daily habit to engage in her favorite pastime after retiring. She was taken to the Central Emergency hospital and will recover.

TWO JAILED AS HOTEL THIEVES

John Brownstone and Kinney Kincaid Suspected of Many Crimes.

Man Is Captured After Chase Through Corridors of Hostelry.

Suspected by the police of having been engaged in wholesale theft of valuables from rooms in the Hotel Avenida, Brownstone and Kinney Kincaid were arrested by Detectives Kyo and Green last night and are being held in the city prison pending a further investigation. The arrest of Brownstone was made after an exciting chase through the corridors on the third floor of the hostelry and down three flights of stairs into the lobby with Detective Green in close pursuit. After having kept a close watch on the rooms of Brownstone for nearly a week, the officers went there yesterday and knocking on the door asked the man to step into the hall for a moment. By way of reply he shot out his right arm and struck Green in the face, then made a dash down the hall. Recovering from the blow the officer gave chase.

The fugitive was intercepted in the lobby by Manager Phillips, who knew that the detectives were in the house and their mission. He sized up the situation in a glance and before Brownstone was able to get out of the building he had grappled with him, throwing him to the floor. In the melee the latter wrenched his ankle and when he renewed his effort to get away Phillips subdued him with a chair until the officers arrived upon the scene.

Kincaid, believed to be a confederate, was taken into custody later on. Brownstone, who has lived in the hotel for some time with a woman and child, has been under suspicion by the management as responsible for a large number of room robberies. It is stated that on a number of occasions he has been seen carrying away well-loaded suitcases and returning with empty ones. It is further alleged that the woman who occupies the apartment with him is addicted to the morphine habit and that she seldom leaves the house. Kincaid is known to the police as a professional gambler.

MRS. P. SUTTLES.

ATLANTA, Ga. (Special).—"It is with great pleasure that I acknowledge the merits of the Pure Malt Whiskey. I have taken it at many different times in my life as a tonic and stimulant, and have been greatly benefited by its use each time, regaining my strength in a very short while. I am 41 years of age and the mother of nine fine children. I hope all who wish health and strength will take Duffy's Pure Malt Whiskey, and know it will do them good." Mrs. P. Suttles, 90 Ira street.

Duffy's Pure Malt Whiskey is an absolutely pure, gentle and invigorating stimulant and tonic. When taken at meal times it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It is prescribed by doctors and recognized as a family medicine everywhere.

Thousands of letters of gratitude are received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine and who continue to enjoy good health.

Sold in SEALED BOTTLES ONLY by druggists, grocers and dealers, or direct \$1.00 a large bottle.

INDICTMENTS DECLARED ILLEGAL

Attorneys for Accused Dynamiters Cite Failure to Obey Code.

Aver the Accused Los Angeles Men Were Not Advised of Their Legal Rights.

LOS ANGELES, June 21.—On the ground that Bert H. Connors, F. Ira Bender and A. P. Maple, indicted for alleged conspiracy to dynamite the county hall of records, were not advised of their legal rights when they were summoned to testify before the grand jury, their attorneys filed motions today to quash the indictments against them.

There were thirty-nine separate grounds urged by the defense in support of the motion to quash, but hopes of success are based almost entirely on the contention that section 1324 of the penal code was ignored in the examination of the accused men by the grand jury and that this was done in an effort to extort from them admissions of evidence damaging to themselves.

SECTION NOT READ.

Section 1324 was incorporated in the code by the last legislature. It compels a witness summoned before the grand jury to testify before a grand jury, even if his testimony should be self-incriminating, but provides that in such case the testimony so given shall not be used against him except in the event of his failure to ask to be excused on the self-incriminating ground.

The attorneys for the defense averred that nowhere in the transcript of the testimony before the grand jury recited was section 1324 or any part of it read to Connors, Bender or Maple before they were required to testify and argued that in consequence their clients were not liable to prosecution by indictment, information or presentment, or to prosecution or punishment of the alleged offense.

Declare Policeman Insulted Woman

Patrolman Jagger Blamed for Free-for-All in San Francisco Cafe.

SAN FRANCISCO, June 21.—William Fields, arrested on a charge of battery following an affair in the Cosmos cafe, 668 Market street, last night, appeared in the police court this morning and his case was continued until Saturday.

Policeman Henry C. Jagger is the complaining witness, and it has been alleged by several persons in the party who became involved in the free-for-all fight, that the officer had insulted a woman.

He declared that he had been struck twice before he had made use of his black jack to defend himself and that he had gone into the cafe and taken clothes in the discharge of his duty. Fields was one of a party of six young men and women.

CRUISER COLORADO GROUNDS IN BAY

Big Warship On the Sand in Harbor of San Diego.

SAN DIEGO, June 21.—The navy collier Saturn and the army tug Harris this morning are making strenuous efforts to pull the cruiser Colorado out of the sand of the middle ground near the entrance of the harbor. The big cruiser ran out of the channel early last evening in attempting to leave the harbor with the rest of the fleet.

Four big cruisers ahead of the Colorado left port without incident, but it is said that the navigating officer of the Colorado attempted to go to the east of the Spar buoy near Ballast point instead of to the west. East and north of the spar buoy is the middle ground of shoal which the dredge South Bay now is engaged in removing and which will give a channel 1000 feet wide at this point when the work is completed.

COLORED HOME TAG DAY NEXT SATURDAY

The annual tag day for the benefit of the Home for Aged and Infirm colored people will be held next Saturday in this city, where the officers of that institution and those interested in fostering the work of the institution, will sell tags.

It is expected that \$1000 will be raised. The plans are being carefully laid for the distribution of the proceeds and the city will be thoroughly canvassed.

WILL ACCEPT \$100,000.

REDDING, Cal., June 21.—Judge Head granted today the petition of W. R. Williams, state superintendent of banks, to permit him to accept \$100,000 from J. E. Terry in full settlement of the claim of the suspended Bank of Shasta County against him.

MRS. DE PIERRIS DENIES SPOUSE'S CRUELTY CHARGE

ALAMEDA, June 21.—Mrs. W. S. De Pierris of 1510 Benton street, a former Christian Science practitioner of this city, whose husband, W. S. De Pierris, yesterday filed a suit for divorce against his wife, in which he made a number of sensational charges, stated when seen at her home last night that she would fight her husband's charge of cruelty with one of desertion.

"My husband's actions were nothing more nor less than desertion," she says. "When his papers were served on me this morning I was never more surprised at an action in my entire life." Mr. De Pierris states that I have been cruel to him and at all times have abused him and have even used vile words. This would be impossible, as my religion and my self-respect would not allow me to sink to that level. Any cursing or swearing that has been indulged in in this home was done by Mr. De Pierris, not only here but in Red Bluff, where we formerly lived, as I can bring witnesses to testify.

TAKES AWAY PLEASURES.

"He has taken away from me every pleasure which I have dared to enjoy. At one time I was a member of the Eastern Star, and when I wanted to attend the meetings of this order, Mr. De Pierris refused to call for me after meetings or even allow me to attend them. He has made my life very unhappy, and now, as a final insult, attempts to say that I have so far forgotten my womanly dignity as to swear at him."

The De Pierris family have only resided in Alameda for a few years, having come here from Red Bluff. Previous to that they resided in the east. The De Pierris family were first brought to the notice of the public during the Herbert Rosapoli burglary raid, the De Pierris home on Benton street being one of the houses in which the perfumed burglar entered and looted, later presenting a handsome shirtwaist set of diamond and pearl pins to his fiancée in Richmond. The set belonged to Mrs. De Pierris. Mrs. De Pierris will be represented in this divorce suit by Judge Elmer E. Johnson.

MAY ABANDON TUNNEL PROJECT

Engineer Says New Route for Railway Is Being Looked Into by Surveyors.

There was a rumor on the streets today to the effect that the Oakland and Antioch Railway Company, which is building between this city and the principal towns in the southern part of Contra Costa county, among them Lafayette, Concord, Walnut Creek, Bay Point and Antioch, had abandoned the original purpose of the company, to extend its line, in connecting both counties, through the tunnel which was cut through the hills by the joint effort of both Alameda and Contra Costa county supervisors some years ago.

The rumor was brought to the attention of Engineer Naphtaly of the company in San Francisco this morning by a TRB representative, and that official stated that the tunnel route had not been abandoned but that a new survey had been thrown out for the purpose of ascertaining whether or not a more satisfactory route could be secured. The surveying party was still in the field and, in the event that its report should show that a more easy grade could be obtained than via the tunnel, the new grade would undoubtedly be adopted.

The impelling motive behind this latest move of the Oakland and Antioch company, the engineer said, is to enable it to give the people at each end of the line and in the intervening territory the accommodations which are afforded by a railroad rather than those of a street car line. The company desires to run trains at a speed which will enable its patrons to reach their destinations with the greatest despatch possible. This could not be done by the utilization of the tunnel route for the reason that the speed of the cars would have to be reduced.

FIRE LOSS IS \$70,500.

BAKERSFIELD, June 21.—Conservative estimates of the loss at Marl-copa by fire, made by one of the insurance men, places the whole loss at \$70,500, with insurance of \$28,100. One man was killed and four badly injured. A third of the business section of the town was destroyed, and for a time the entire town and adjacent oil fields were threatened.

SEES GOOD IN 'REASONABLE' TRUSTS

Horace Havemeyer Elaborates His Defense of the Giant Combination.

Price of Sugar Governed by the Supply and Demand, He Says.

WASHINGTON, June 21.—Elaborating his defense of trusts and the combinations of sugar companies, Horace Havemeyer, son of the late H. O. Havemeyer, at the investigation of the so-called sugar trust, today continued his testimony before the House sugar committee. The witness limited his approval, however, to "reasonable combinations."

He declared that combinations were reasonable when they took in small companies that were liable to go into bankruptcy. He classed the National Sugar Refining Company, in which he is seeking in the courts, to establish his control, as "reasonable."

Havemeyer again expressed a belief that the consumers of sugar had benefited by the creation of combinations before the producing cost had been reduced. In response Representative Fordney the witness said the consumer certainly was paying no more for sugar than he did before the combinations.

"The price of sugar is governed by the law of supply and demand," declared Havemeyer.

England is the cheapest place in the world in which sugar may be purchased, the witness said.

"Why is that—because of free trade?" inquired Mr. Fordney.

Well, I don't know—I have not made a study of that," remarked the young millionaire.

FATHER SEEKS ELOPING GIRL

Mystery of Disappearance Is Cleared When Marriage License Is Procured.

The mystery which surrounded the whereabouts of May Brandon, 1711 Ward street, Berkeley, whose father reported her disappearance since Sunday to the police this morning, was slightly cleared up when she appeared at the office of the county clerk about noon today in company with Jack Wiseman, her partner in the disappearance, and the two ner in the disappearance, immediately following the granting of the same they again disappeared. W. C. Brandon, the girl's father, when reporting her absence from home, gave her age as 18. The age given on the marriage license issued is 19. Wiseman, the man in the case, is an iron foundry employee and is a son of W. H. Wiseman, a retired business man, residing at 1825 Vine street, Berkeley. He gave his age as 21, and his residence as Bakersfield. Judge Quinn married the couple.

Dead Baby Brings Couple Together

Blanche Gallagher and Husband May Be Reconciled by Memory of Departed.

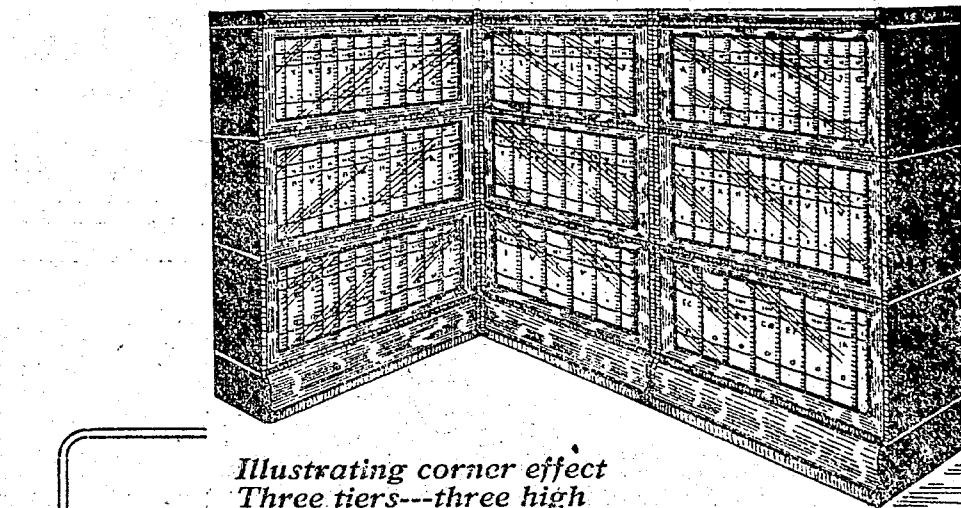

SAN FRANCISCO, June 21.—Blanche Gallagher, who last week protested to Judge Graham that her husband, James, had taken away the body of their dead babe, was in Judge Graham's chambers today with her husband, and a reconciliation seems likely.

The influence of the departed infant has been felt apparently by both parties, and the court obtained concessions this morning that led him to the belief that the couple will be reunited.

President Releases Three Lumbermen

Prisoners Jailed for Peonage Are Given Freedom by Action of Executive.

WASHINGTON, June 21.—President Taft today ordered the immediate release of W. S. Harlan, C. C. Hilton and S. E. Huggins of the Jackson Lumber Company of Lockhart, Ala., who are now serving sentences in Atlanta penitentiary for peonage. Formal action commuting their sentences to expire immediately and remitting their fines will be issued in a day or two.

AWAKENS FROM 65-DAY SLEEP; SLUMBERS AGAIN

VANDALIA, Ill., June 21.—Miss Hazel Schmidt, who has been asleep at the home of her father here for 65 days, awoke last night and asked for something to eat, but soon relapsed into sleep. For three months previous to going to sleep Miss Schmidt, according to her mother, appeared drowsy. Every means known to medical science have been employed to arouse her with but little or no effect.

KNOWLAND DEPARTS FOR VISIT TO OREGON

Will Work for Restoration of Mission San Jose On His Return.

ALAMEDA, June 21.—Congressman Joseph R. Knowland left last night for a sojourn of several weeks in Oregon, and upon his return to this city he will set about the work connected with the restoration of Mission San Jose, which the grand parlor of Native Sons decided to have done at their recent convention in San Jose, Congressman Knowland being a past grand president of the order.

Knowland is chairman of the landmarks committee and will have entire charge of the work of reconstruction. He has been promised the co-operation of the Chamber of Commerce of Mission San Jose and will meet this body upon his return from the north.

Congressman Knowland, accompanied by his wife, made a special trip to Joaquin Miller at his home on the heights Monday afternoon, in the interest of the California Society of Washington. Knowland has been requested by the society to obtain the history of the Washington cabin of the "Poet of the Sierras," in order that its authenticity might not be questioned before the structure is moved to Rock Creek Park.

Through the efforts of the California congressional delegation permission has been obtained by the District of Columbia commissioners to remove the cabin from the private grounds where it is now standing to the park where it will be taken care of and protected.

GAVE HISTORY OF CABIN.

Miller, according to Knowland, gave the history of the structure in the hands of the society, saying that it had been built in the early '30s and that he had worked on it himself. By a strange coincidence it was built of logs taken from the very park to which it is now to be removed and the stones used in its foundation were contributed from those left over from the building of the Washington monument.

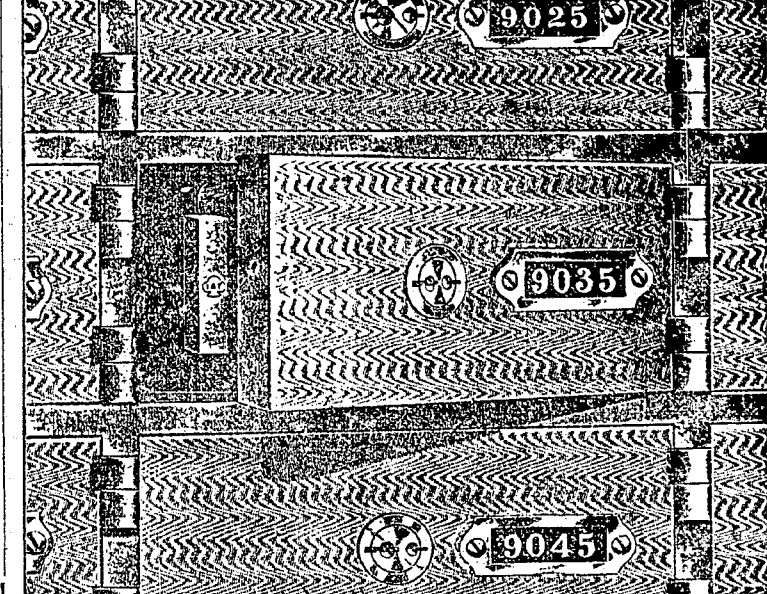

Many distinguished people visited Miller during his ten years' occupancy of the cabin, among them President Arthur, Chief Justice Field and President and Mrs. Cleveland. Knowland will forward his report to the California Society.

Loses Lot Because He Paid One Cent Excess

San Franciscan Forced to Give Up Property Because He Went Above Maximum.

SAN FRANCISCO, June 21.—Because he paid one cent in excess of the legal price at a delinquent tax sale, H. H. Ghisell loses title to a town lot through a decision handed down today by Superior Judge Graham.

The amount paid by Ghisell at the sale was \$7.51. Under the law, the price should have been the tax with a five per cent excess, by way of penalty, which would have amounted to \$7.50. The court says the additional cent paid by Ghisell invalidates the sale.

Facts About Safe Deposit Boxes

The Boxes installed in our safe deposit vaults are fitted with the marvelous new Yale lock, which affords the only absolute protection against duplicate keys ever devised.

The special features of the Changeable Key Lock is that the box renter makes his own combination. The keys are thrown together in a receptacle, and the box renter selects a key at random and locks up the box he has selected. The tumblers of the lock are adjusted automatically to that particular key.

Ours is the only safe deposit vault in Oakland with the improved safe deposit system, but we charge only prevailing rates of rental. \$4.00 per year rents a box two inches deep and twenty-four inches long. Call and let us show you.

MORE REPAIRS OF PILES ORDERED \$7000 IN WOOLEN GOODS SEIZED

Further Investigation of Ferry Slips Makes Necessary Additional Work.

SAN FRANCISCO, June 21.—Engineer Augustus V. Sapp has ordered through and immediate repairs on slip number four, used by the Key Route boats, following an investigation of the cylinders supporting the shore-end of the apron. Although this slip was repaired but a year ago, it was found that the mill line protecting the cylinders had exposed a portion of the foundation and that a part of one of the cylinders was already in bad shape.

Further reports of dock damage was made known yesterday, when it was reported that during the past week, over sixty tender piles had collapsed at Pier 34. This dock is used by the Toy, Kline, Kalsin and the Western Pacific Railroad.

Until repairs have been fully completed, persons traveling over the Southern Pacific boats will be compelled to leave the ferry building by passing around the south end.

Repairs are being rushed north of the ferry building, where two crews are working from 4 o'clock in the morning until 8 o'clock in the evening to replace the fallen piles. It is expected to have repairs completed at the Creek Route slip within two days.

Customs Inspectors Capture 66 Bolts of Dutiable Goods On Ship.

SAN FRANCISCO, June 21.—United States customs inspectors Huffaker and Sackett, under the direction of Colonel Charles C. Blinn, this morning seized woolen goods to the value of \$7000, concealed on board the German ship Seraphis, which piles between Hamburg and this port. The woolens were in sixty-six bolts and were discovered in barrels and boxes, sewed up in mattresses and pillows and among the bedding in the bunks.

All of the goods confiscated were in the quarters occupied by the Chilean sailors and several of them are under surveillance. This is the most important captures recently made at this port. The customs officials had no idea as to what they might come upon in their search, as but little smuggling save that of opium has been going on at this port for a long time.

CURES PIMPLES QUICKLY

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past Osgood Bros. have done the biggest business they ever had in any one article in selling Iodora, the skin food that has won so many friends in Oakland.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, freckles, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Iodora does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative power the price is trifling. To convince every one of its merits, Osgood Bros. will set a liberal-sized jar for 25c, larger sized jars at 50c. Remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

SUFFRAGETTES TO DRILL FOR FIGHT

The Classes Will Be Formed in Order to Lay Plans for Campaign.

Drill-classes are to be formed this week for the training of the women who will be appointed to canvass the city in the house-to-house campaign in the interests of the amendment providing equal political rights for men and women in California, which is to be voted on October 10. How best to present the claims of the suffragettes, the arguments to be used and the most effective way to meet the opposition will be definitely gone over by the leaders in the work. The campaign has been given entirely into the hands of Mrs. Freda Bain, who will cooperate with Mrs. Agnes Ray, president of the Oakland Suffrage Amendment League, and of the executive body.

At the brief session held yesterday at the Hotel Metropole, the league formally gave Mrs. Bain the power to proceed upon an active campaign, and by the appointment of additional captains, increased the number of assistants by a score.

The add of prominent speakers on suffrage is being enlisted whereby many converts are hoped to be gained. Mrs. Elinor Carlisle was the speaker before the meeting of the league this afternoon, outlining a few methods of campaign which will find practical use in the future. Mrs. Carlisle said in part:

"Remember that the Italian's vote is as good as the Englishman's—if he is naturalized. It is 'people, not kind, that we are working with. Don't get one idea, but get the ideas of every side and work them into a whole. Above all, let the women make it widely known that they stand for a pure democracy."

WILL HELP TO ENFORCE LAW

New Anti-cigarette Act to Be Backed by Child's Welfare League.

L. E. Blockman of the Anti-Cigarette League, and officers of the Child's Welfare League, which was instrumental in securing the passage of the anti-cigarette bill by the Legislature, are in receipt of copies of the enactment and amendment raising the prohibitive age from 12 to 18 for the sale of any form of tobacco, which have been issued by Secretary of State Frank C. Jordan, and which must be posted in all stores where tobacco is sold before August 24, the date on which the new law becomes effective.

Thousands of the circulars containing the anti-cigarette law verbatim are being sent throughout the State by Jordan. Members of the Child's Welfare League and the Anti-Tobacco League of Berkeley, will co-operate with the authorities in the distribution of the circulars, and will take steps toward securing a right enforcement of the new statute, which provides for punishment by fine for dealers and all others who are convicted of the crime of distributing tobacco in any form to boys or girls under the age of 18 years.

TIPPLERS AND BRAWLERS BARRED RAILWAY HOSPITAL

CHICAGO, June 21.—Tipplers and brawlers who receive benefits in the new hospital department to be established by the Illinois Central Railroad, according to an announcement made yesterday by the management of the road.

Employees included in the liquor habit are warned that they need not look for treatment in hospitals provided by the company in the event they suffer from ailments due to such conduct. Officials of the road declared that the provisions will serve as a disciplinary measure throughout all branches of the system.

IRON AND STEEL COMPANIES OF SOUTH CONSOLIDATED

NEW YORK, June 21.—Consolidation of the Southern Iron and Steel Company and the Alabama Consolidated Coal and Iron Company has been consummated. It became known late today, but official details are withheld until the European capitalists identified with the merger have signed their approval.

It is known that the new company will have an authorized capital of \$27,000,000, of which \$12,000,000 will be 6 per cent preferred stock, and \$15,000,000 common stock. Six per cent bonds to the amount of \$5,000,000 will be issued and it is understood that London and American bankers will take the major share.

OLD GUARD TO CELEBRATE AT ANNUAL REUNION AND BANQUET

Members of the Old Guard Who Helped to Make Oakland's Military Organization Famous.

HARRY N. MORSE OLDEST LIVING CAPTAIN

Reminiscences Are to Bring Back Memories of Days Gone By

Tonight, the Old Guard and the members of Company A, Fifth Infantry, N. G. C., will assemble in Reed hall at Harrison and Thirteenth streets, for their annual reunion and banquet. There will be present members who joined the organization in 1881, when it was formed for home protection, and the young men who are now active in the ranks, inspired by the spirit of the loyal men of the days of the rebellion.

The night will be passed in reminiscence and patriot exercises and will be the most pleasurable of these annual reminders of the martial ardor of the people of this city in the distant past. The affair will be occupied by Lieutenant Henry Maloon, one of the original members of the command, and speeches will be made by Harry N. Morse, one of the early captains, and a number of others.

The Old Guard, in its time, had a number of armories in various parts of the city. The first of these was in the Contra Costa Agricultural pavilion on the site of the present court house. The second was at the foot of Broadway, in Rosasco's warehouse. The next was at the southwest corner of Second street and Broadway; the structure now being occupied as a wine house. The fourth was on the site of the present Harbor bank, at the northeast corner of Broadway and Fifth street, and the next move was to the southwest corner of Eighth street and Broadway. That place was then abandoned and a move was made to the opposite corner, in a hall in the rear of what is now known as Justice Quinn's court room.

The next move of the command was in the lower floor of the Odd Fellows' Eleventh and Franklin streets, one part of which also was for a time the headquarters of the first steam fire engine owned by this city, Phoenix No. 1. As the city continued to extend toward the north, the company followed it and next secured quarters in what was later known as Granite building, on the south side of Thirteenth street, between Broadway and Franklin street. This place was burned one night while the company was enjoying itself at a dance in Dietz hall. The insurance company which had insured the place admitted that the property insured was a total loss and allowed the company \$1800. This money was used to purchase Sharps' rifles, and the company was the first organization in the city to have a complete armory. It was all of which were appreciated for the reason that all the members were crack shots.

It was about this time that the command passed from the original organization to younger people, and these moved the armory to Cavalry hall, at the southeast corner of Washington and Twelfth streets, thence to the hall over the Hook furniture store, on Twelfth street, near Broadway, thence to the present headquarters, on Twelfth street between Telegraph avenue and Broadway, where the quarters are at the present time, as are also those of N company of the Fifth Infantry.

WERE CRACK SHOTS.

The expertise of the members of the Old Guard with the rifle was shown in the dock in Judge Sullivan's court, at the present armory. In a match with a military company of Boston, Mass., the Old Guard won by a score of 203 to 273. This showing is all the more appreciated for the reason that the majority of the Eastern marksmen were members of the famous Creedmore team.

LOMBARDI HELD ON CHARGE OF MURDER

Identified as Man Who Shot Up Wedding Party in San Francisco.

SAN FRANCISCO, June 21.—On the positive identification of Angelo Lombardi by Raffaele Franceschi, the former was booked today on a charge of murder, following the death of Eugene Basso at St. Mary's Hospital. Basso was one of the victims of the promiscuous shooting in the New California hotel during a wedding celebration Sunday, and Lombardi was arrested afterwards and booked as a witness.

Franceschi, who made the identification in the dock in Judge Sullivan's court, affirmed that Lombardi had fired the first shot and that his companion had escaped by a different door. He declared that the name of the accomplice for whom the police are looking is Joachim, but the officers are inclined to think that this may be a concoction for Joe Achimi.

Following the placing of a charge of murder against Lombardi, one of the three charges of assault to murder was dismissed and he will come up for hearing on the more serious accusation tomorrow.

\$50,000 MORE FOR ARMY TRANSPORT

Government to Modernize the Thomas; Will Extend the Promenade Deck.

Before the army transport Thomas goes into commission, the government will spend an additional \$50,000 for the improvement of the upper portion of the vessel. Bids have been called for and will be opened in San Francisco next Friday. Moore & Sons, who have done all the work on the transport, which has been practically rebuilt, are preparing bids. The work, should the contract be awarded, will have to begin by July 1 in accordance with the government regulation. The work which the shipbuilding firm is now doing on the Thomas will be completed by the end of the month.

The specifications for the additional contract call for the extension of the promenade deck fore and aft to the boat deck, the enlarging of the captain's cabin and the modernizing of the wheelhouse. At the after end of the boat deck it is proposed to build a smoking room. The promenade deck will be lengthened by about 80 feet.

This work will add greatly to the comfort of military passengers who, as the transport now is, are somewhat limited for room.

VESSELS ON WAYS.

The steamer Jim Butler is being overhauled and docked at Moore & Sons on an insurance job. While recently the vessel, which is commanded by Captain Olsen, met with an accident and was seriously damaged. Part of the repairs were done before the steamer came to the local yard. The tug Farrago and Blanco are at these yards for repairs and were on the drydock yesterday.

The steamer Newberg, Captain Norberg, from Columbia river, left 500,000 shingles at the E. K. Wood Lumber Company's wharf yesterday, after discharging 150,000 feet of lumber at Long wharf. The Etta B brought a large cargo of Sacramento river products to the Hunt-Batch wharf yesterday.

The Contra Costa Construction Company is driving in dolphins in front of the piers under the Webster street bridge. The municipal surveyor, James E. Angel Island will be launched at the presence of government officials and representatives of the shipbuilding firm. Mr. Luther C. Stewart, of the U. S. Stewart, acting immigration commissioner, will christen the vessel. The Angel Island will go into commission about August 1.

DERELICT FIRMS YET HAVE CHANCE

Can Offer a Compromise for Neglect to File Return On Net Income.

Circulars informing corporations, of their privilege to tender an offer in lieu of a compromise of neglect to file their return of annual net income on or before March 1, 1911.

Many of these corporations have been reticent in coming forward, but the corporations have given a wrong address, have moved or have ceased business.

All corporations which were in existence at any time during the year 1910 and have or have received these circulars are advised to give this matter their immediate attention. In the near future internal revenue officers will look up the corporations who have failed to file a return of annual net income and these corporations will be severely dealt with unless they immediately file their return.

THOSE LIABLE.

All persons who are engaged in the sale of liquors and certain patent medicines are liable for the payment of special taxes. All special tax stamps expire June 30 and persons commencing or continuing in business on July 1 should procure their special tax stamps for the coming year before the expiration of the stamps. The failure to do so may avoid violation of the provisions of section 2239, Revised Statutes, which require that special tax stamps denoting the payment of special tax shall be kept conspicuously in their establishment or place of business.

THE PENALTY.

Any person who shall, through neglect, fail to place or keep said stamp shall be liable to a penalty equal to the special tax for which his business renders him liable and the cost of prosecution.

All persons in Alameda county, owing special tax for the carrying on of business of wholesale or retail liquor and all corporations whose principal place of business is located in Alameda county are liable to a tax under the act of Congress, August 6, 1909, should pay same at the Oakland office, located in THE TRIBUNE building, Eighth and Franklin streets, Oakland.

SAYS 'OH, RATS!' GOES TO JAIL

Judge Says "Oh, Rats!" Orders Defendant to Jail, Fixes Bonds at \$2000.

SAN FRANCISCO, June 21.—"Oh, rats," said a defendant in Judge Sullivan's court this morning.

"Oh, rats," responded his honor, and the defendant, who has been out on \$25 bail, was placed in the dock with bonds fixed at \$2000. The prisoner was George C. Helfeld, accused by his wife of threats against her life, following her testimony that she feared he would kill her, he gave vent to the above rejoinder. Judge Sullivan, feeling that his judicial decorum had been subjected to contempt, promptly ordered the offender into custody, which was just what his wife had requested, but which she would have been denied had not the outbreak occurred.

EDITORS ACCUSE EDITORS.

SEATTLE, June 21.—Warrants were served yesterday on Colonel Alden J. Blethen, editor of the Seattle Times, and on John H. Wilson, managing editor; Joseph Blethen, business manager, and the Times Printing Company, charging them with criminally libeling John L. Wilson, proprietor of the "Post-Intelligencer"; Erastus Blethen, editor, and the "Post-Intelligencer."

MRS. THOMAS MANION DIES AFTER LINGERING ILLNESS

Death Brings Surcease of Pain to Prominent Oakland Woman

MRS. THOMAS MANION, well known Oakland caterer, who died yesterday.

After an illness of more than six months, Mrs. Thomas Manion, formerly Miss Mary Hallahan, known to nearly every one in the county as one of the best of caterers, died shortly after 1 o'clock yesterday afternoon at the Laugana Vista apartments, aged 50 years. Her death leaves a host of friends in business and social circles to mourn her loss.

In 1905 Mrs. Manion went East, where she met and married Thomas Manion in New York. Two years later she came back to this coast and purchased the catering business at the corner of Twelfth and Alameda streets from her sister-in-law, Mrs. George Hallahan. She soon sprung into prominence, as the result of her good taste in catering to Oakland society, and it was not long before her reputation spread over the entire county.

Shortly after her fiftieth birthday, last March, she was taken ill with some internal trouble and was taken to the Providence hospital. Under the care of expert physicians she partially recovered her health and ultimately became strong enough to be moved to her apartments in the Laugana Vista. After several weeks of quietude she again began to fail, despite the efforts of expert physicians, and died yesterday.

FIRST PEARLS GO EAST.

SACRAMENTO, June 21.—The first large shipment of pearls to the market of the East this season has been sent out from the V. P. Pena ranch at Vacaville. The shipment consisted of 51 large boxes of Wilder variety. The pearls were shipped to Sacramento East until after the first of July, as this variety, the best commercially, has been kept back this year by the cool weather.

HANDS ACROSS THE BAY TO BE SLOGAN FROM NOW ON

"Get Together Banquet" in San Francisco Last Night Permanently United Commercial Men of That City and Oakland

The "Get Together Banquet" given by the San Francisco Commercial club to the representatives of the Oakland chamber of commerce last night in the Merchants' Exchange building, San Francisco, was conceded to be without question by the visitors the most successful "coming together" of the bay cities commercial interests which has yet taken place.

Led by President H. C. Capwell of the Oakland chamber of commerce, who came thirty "stalwarts" crossed the bay at 6 o'clock in answer to the San Francisco Commercial club's invitation to discuss ways and means for a better understanding between Oakland and San Francisco that the 1915 exposition might be made the more successful through a united pulling together of the public spirit of the bay cities.

The menu was elaborate in the extreme, and the hospitality of the hosts lavish and cordially extended. A procession of powers decorated the forty tables which made up the banquet board, and the order of the evening, given to the San Francisco men was "Let no Oakland man escape from our banquet without a better opinion of us."

GALAXY OF ORATORY.

Towards the close of the attractive menu, with the coffee and cigars, came a galaxy of oratory that meant more than the mere expression of friendship on both sides—it signified the waking up of San Francisco and Alameda counties to the necessity for better team work. Mere platitudes were out of place, and the speakers spoke for fully an hour, and faults and errors, mistakes and sins of commission and omission were frankly discussed, and understandings arrived at that will do much to brush away the intangible barriers that both sides have erected between their boundary lines.

Frank Lamson Brown, chairman of the publicity section of the Panama-Pacific exposition committee, spoke forcibly on the need for proper capitalization of the fame of San Francisco. "Stop to think," said Mr. Brown, "of the fact that in 1906 San Francisco, unwillingly perhaps, expended practically a billion dollars in getting newspaper publicity. Remember that every dollar so spent meant that another human being somewhere in this globe of ours leaned of San Francisco's misfortune and her succeeding pluck and courage in rebuilding her city. And then with such an enormous advertising bill, paid and unpaid, came the opportunity in 1915 to secure the return on the investment. There is only one answer, we must pull together, if not from sentiment, then from the standpoint of pure business."

KAHN'S PLAIN TALK.

Chairman Irving H. Kahn, of the progress and prosperity committee of the Oakland chamber of commerce, spoke briefly but to the point as to the necessity for San Francisco's realization of what the bay section means to the newly risen city.

"It is a regrettable fact, gentlemen," said Mr. Kahn, "that you people over here have underestimated the value of your surrounding territory. Consider the fact that among ourselves involving local pride are well."

DECLARES TESTIMONY PRODUCT OF ENEMIES

SAN FRANCISCO, June 21.—Daniel E. Blackburn took the stand this morning, before Judge Cabanis, during the progress of his own trial, and ascribed to political enemies the entire burden of testimony which has been brought against him. He denied all the incriminating evidence brought out by the several witnesses for the prosecution, and affirmed that he had not had the conversation at Pescadero which is one of the strongest links in the chain of testimony against him.

ATHLETIC INJURED.

JOLIET, Ill., June 21.—Merrill Griffin, who represented the Chicago Athletic Association in the Olympic games at London, in 1912, and is one of the greatest amateur discus throwers in the world, was probably fatally injured here yesterday in a runaway accident. Griffin, it is said, sustained a fractured skull and injury to his spine. He is now in a paralytic state since the accident.

MEXICO CITY EDITOR TO SPEAK TONIGHT

T. Scott Williams, editor of El Faro of Mexico City, will speak on conditions in the southern republic at the Brooklyn Presbyterian Church tonight.

OTHER SPEAKERS.

Amongst other speakers were Willis Polk, Joseph Baker, J. H. Clay, A. W. Scott, J. L. Lively, of Los Angeles and T. F. Dredge. The Oakland delegation was composed of the following chamber of commerce representatives: H. C. Capwell, A. S. Lavenson, Jules Abrahamson, I. H. Clay, F. A. Leach, Jr., John F. Connors, Joseph C. Baker, George H. Jensen, Irving H. Kahn, Fred E. Reed, Charles F. Cole, R. Gorman, Louis Aber, Glen C. Harshbarger, J. H. Brown, and others.

WILSON TO FACE TRIAL IN SOUTH

Released From Oakland Jail, Is Rearrested and Taken to Los Angeles.

LOS ANGELES, June 21.—John F. Wilson, alleged swindler, wanted here to answer to a federal indictment charging him with fraudulent use of the mails, has been brought here from San Francisco by C. T. Elliott, United States marshal at San Francisco. He will be arraigned Monday in the United States District Court.

Wilson was released yesterday from the Alameda county jail at the expiration of a one-year sentence for fraudulent use of the mails. He was rearrested immediately.

Wilson, according to the federal authorities, is a man of many aliases. It is alleged that at different times he operated at Los Angeles under the name of the California Hay and Produce Company, J. W. Warner & Company, at Sacramento; J. W. Taylor & Company, at San Diego; J. W. Ward, at Bakersfield; P. J. Webb, at Detroit; John W. Watson & Company, at Hamilton, Ont.; J. W. Wood, at Stockton, and J. W. Walter & Company at San Francisco. According to the federal authorities, Wilson's alleged swindling operations were among the most extensive they have known. They allege that he wrote letters to farmers throughout the country asking them for their lowest quotations on hay and grain. He would offer them, it is said, higher than market prices. They would accept and ship to him the named. He would order the cars directed to other cities and at these cities would sell at what he was offered. It is asserted he pocketed the money received.

250 SNAKES TAKEN FROM MISSOURI WELL

FAYETTE, Mo., June 21.—George Potter, a farmer living east of here, yesterday cleaned out a well on his farm. Two hundred and fifty snakes were taken out. The snakes were found among the rocks with which the well is walled. Three varieties of reptiles were represented among the number killed. These were black, garter, and spotted house snakes.

EVEN PALESTINE IS NOT EXEMPT

American Tells of Holdup On Lonesome Trail in the Holy Land.

BOSTON, June 21.—In the wilds of Palestine hold-ups are pulled off in the most approved style of American fiction, according to reports of an eye-witness, Dr. Ira D. Payne, of Des Moines, Iowa, who has just returned from a six-month trip through Egypt and the Holy Lands. He witnessed the battle between brigands and American tourists.

"It was while we were between Galilee and Zannaron, in the wildest part of Palestine," said Dr. Payne, "that the party just ahead of us were attacked by masked brigands. We were amazed when we saw what was going on. The travelers were asked to hold up their hands and robbers went through their pockets and baggage with the precision of experts. When we reached the scene, which we viewed from a rocky outlook several miles away, the bandits had disappeared and the travelers were penniless."

OAKDALE BONDS SOLD TO LOS ANGELES MAN

OAKDALE, June 21.—In accordance with the terms of the Bridgeford act, under which the Oakdale irrigation district was organized, bonds to the amount of \$1,175,000 were sold yesterday, the successful bidder being Henry M. McDonald of Los Angeles. The directors at the same meeting awarded a contract for the construction work to the firm of Brown & Alcorn of Berkeley. This contract involves nearly a million dollars, and covers all the work with the exception of some to be done jointly with the South San Joaquin district. Construction will begin as speedily as possible.

FOUR MORE POSTAL BANKS. WASHINGTON, June 21.—California appreciation of the postal savings bank is so great that on July 15, when fifty additional banks are opened, four will be in California, namely, at Ranford, San Mateo, Santa Ana and Upland.

MORRISON JOINS COLE MOTOR CO.

Pacific Motor Car Manager Is Promoted to Important Position.

A. E. Morrison, sales manager of the Pacific Motor Car Company, one of the best known of the automobile men in the entire country, and popular, if ever a man was popular, in motor car circles about the bay, has just received the appointment of assistant to President J. J. Cole of the Cole Motor Company of Indianapolis manufacturers of the Cole 30, a car which Morrison had succeeded, within a very short time, in making one of the best known on the Pacific Coast. Sunday he leaves for the East, with Indianapolis as his destination, there to immediately take up his duties in his new position.

Colonel C. L. Howe, who has been connected with the Pacific Motor Car Company during the past few months, now becomes sales manager of this firm. Morrison has just returned from a visit to the Cole factory and it was while there that he conferred what is undoubtedly a magnificent offer. "A. E.," as he was familiarly known, there are none in the automobile business on the Pacific Coast who are better liked. He has filled various positions of importance since returning to San Francisco eighteen months ago.

TIRE MEN'S PICNIC SUNDAY

Sunday next the tire men of San Francisco hold their annual picnic at Palo Alto, to which are invited all of the automobile men of San Francisco. It is to be the occasion for great joy and fun-making. Leave it to the gasoline junks for much plenty of high jinks, particularly the San Francisco men. As in past years, a baseball game is to be one of the features. Charley Howard will captain the automobile dealers, while Ed Mohr will occupy a similar duty for the accessories men. A tug of war is also on tap between the strong men of the various houses.

SCANTY BATHING SUITS BARRED AT ASBURY PARK

ASBURY PARK, N. J., June 21.—As the result of agitation by the clergy, the authorities at Bradley Beach have ordered the borough attorney to prepare an ordinance that will prohibit scanty bathing costumes. Leave it to the high jinks, particularly the San Francisco men. As in past years, a baseball game is to be one of the features. Charley Howard will captain the automobile dealers, while Ed Mohr will occupy a similar duty for the accessories men. A tug of war is also on tap between the strong men of the various houses.

SPLENDID MICHELIN SERVICE.

The San Francisco branch of the Michelin Tire Company has been receiving from many of its customers statements of the service they have received. The following written by G. P. Hanson of this city will interest local automobile owners: "I have used a Michelin tire, also 30x3½, on my car for more than a year and a half, and although it is impossible for me to estimate, the service this tire has given with accuracy, it has worn out several other tires on the same car. It is now worn through several layers of fabric, but is still running."

COMPANY N., L. OF C. C., PLANS FOR ANNUAL SUMMER DANCE

Members of Mid-Summer Dance Committee. Reading from left to right: Corporal Frank Ryan, Private John Murphy and Private Richard Hammond.

The members of Company N, League of the Cross Cadets, are making great preparations for their annual mid-summer dance to be held at Maple hall on Friday evening, June 30. Five hundred invitations have been sent out to their friends on both sides of the bay. Many friends will be beautifully decorated with the national colors, evergreens and ferns. The music has been carefully selected and will comprise all of the latest and best to be obtained. The members of Company N will appear in full dress uniforms.

URGES CURE FOR 'CHRONIC TITLETIS'

Congressman Wants Government to Stop Trade in American Girls.

WASHINGTON, June 21.—Investigation of "chronic titletis," described as a disease of "rich, trust-made women," is urged in a resolution introduced in the House today by Representative Sabath of Illinois, who would have the state department inquire why only two dozen American peermesses have been granted permission to take part in the coronation ceremonies in England and to ascertain the amount this country is sending across the Atlantic annually to maintain the titles.

After demanding that light be thrown on the discrimination shown against the other American peermesses, the resolution calls for information as to the number of unhappy marriages and the amount of American money being spent in the chase after coronets.

The information, says the resolution, is desired so that this government may judge "to what extent our country is being benefitted by this trade."

KIDNAPS OWN BRIDE; WARRANT IS ISSUED

HILLSBORO, Or., June 21.—A warrant has been issued for the arrest of James H. Wilson, on a charge of kidnapping his own bride of a month. On May 8 last Wilson eloped with and married Miss Vida Lewis, aged 17. The girl's parents were much wroth. As and as son as they were able to lay hands on their daughter, hustled her off home, despite the bridegroom's protest, and bade him begone from their sight.

The girl pretended to acquiesce in her parent's determination to keep her and her husband apart, but last Saturday night she asked permission to attend a theater. Instead of doing so she met her young husband and the pair eloped again. Despite an all-day search after the issuance of today's warrant the eloping bride and groom have not been found.

DISCOVERS LONG-LOST COLORS IN REPAIR SHOP

SACRAMENTO, June 21.—Investigation concluded by Adjutant-General E. A. Forbes concerning the disposal of the colors of the Seventh California regiment of volunteers following the Spanish-American war, show that instead of being sold or pawned, lost or misplaced, they were taken to a Mr. Gray in Los Angeles by Colonel John R. Berry, retired, to be repaired and left there. In order to secure the colors for display cabinets at the capital Adjutant-General Forbes was obliged to pay Gray \$25, when the repair bill was only \$15.

In 1908 the Spanish War veterans adopted regulations declaring that the colors should be returned to the state. At that time Adjutant-General J. E. Leach commenced an investigation, the result of which was many communications and a denial from Colonel Berry that he had disposed of or had anything to do with the disappearance of the colors.

LEBANON, Ky., June 21.—The funeral of former Governor J. Proctor Knott took place yesterday afternoon. The Knights Templar burial service was used.

WASHINGTON JEWS PRAISE PRESIDENT

Endorse Taft for Renomination at Meeting Conducted in Hebrew.

WASHINGTON, June 21.—The endorsement of the Orthodox Jewish Congregation of this city for his renomination for the presidency and his election in 1912 was accorded President Taft last night. The meeting was attended by Chief Rabbi Margolis of New York and Levinthal of Philadelphia, as well as by many of the most prominent Jews of Washington.

A number of speeches in praise of Taft's liberal policy as exhibited toward the Jews were made. Their treatment in this country was contrasted with the persecution received in Russia. The entire meeting was conducted in Hebrew.

WATER TANK BURSTS EXPOSING FAMOUS TRICK

SAN MATEO, June 21.—The bursting of a water tank on the stage of Hart's theater here last night flooded the orchestra pit and caused a small panic in the audience of a hundred persons, also resulting in the exposure of one of the most famous tricks of a "handcuff queen."

In closing her act, the woman stood before a tank containing 2000 gallons of tepid water, while she adjusted five pairs of handcuffs from which she was to release herself after climbing into the tank. The orchestra was playing the strains of Swanee river, when the glass front of the tank burst. The orchestra, conducted by Hart, received the full force of the deluge, but cried above the turmoil, "Save the keys."

The "queen" had fainted and the keys with which she was not supposed to unlock the handcuffs, were rescued from the flood by a stage hand.

GARDEN CITY PIONEER PASSES AWAY AT 65

SAN JOSE, June 21.—W. D. J. Hamby, a pioneer of the early '50s, and a resident of San Jose continuously for the past twenty-eight years, secretary for many years of the Santa Clara County Society of California Pioneers, is dead at his home in this city at the age of 65 years.

He is survived by a widow, Mrs. Catherine Winter Hamby, and seven children. He had been ill for about nine days. The arrangements for the funeral have not yet been made, but it will be either Thursday or Friday. Hamby was for many years a publisher here.

MAKES BURGLAR ALARM; ARRESTED FOR ROBBERY

NEW YORK, June 21.—Marshal Scofield, whose name is on record in the patent office as an inventor and manufacturer of burglar alarms, is under arrest here today charged with burglary. The complainant against him, John Bernard, declares that his apartment on the West Side was forced open yesterday afternoon and \$50 in cash and a gold watch and chain, two gold matchboxes, a fountain pen and two razors were taken. The janitor told him that Scofield and two other men were around the apartment at the time.

THE CHICAGO EVENING AMERICAN TELLS HOW TO MAKE A FORTUNE

Suggests Installing Automatic Telephone Systems in the Eastern Cities

The following is taken directly from an editorial of May 17, 1911, and shows the good standing of the Automatic Telephone System in the East:

"If there is any big individual with plenty of money and some courage who wants to make himself useful, and at the same time make a great

fortune, let him take up the automatic telephone idea in the Eastern cities, and the way to install these automatic telephones in New York, Brooklyn and the other cities of the East, as Armour and the automatic telephone people have found a way to install a competing system in the subway of Chicago."

The Get-Together Spirit.

In one particular the Panama-Pacific Exposition project has had an exceedingly beneficial effect on Central and Northern California. It will have many beneficial effects in future, but the inception of the enterprise has served a splendid purpose at the outset. It has aroused State pride and given a stimulus and an objective for united effort. It has furnished a basis and a reason for harmonious co-operation, supplied a motive for coming together and working together. In short, it is mobilizing the progressive forces of the State in support of a common cause.

That cause is the great exposition which is to be held in San Francisco in 1915. When the people began to fully grasp the idea that the fair is not an enterprise purely local to San Francisco or the region immediately contiguous to the bay, but is in reality a State enterprise of world-wide significance, they immediately began to feel the need of co-operation, of working together to secure the best results and the largest measure of mutual benefit. Hence we see a spirit of unity pervading the entire State. The several communities are organizing for united effort, are casting aside petty jealousies and neighborhood exclusiveness for broader conceptions of development, are coming together and reasoning together for the common good.

If the exposition enterprise did nothing else, this accomplishment alone entitles it to warm support. It has caused the people of the State to canvass their resources, reconcile their local differences and arrive at a common understanding having for its object the betterment of everything that goes to make up a higher and more progressive civilization. Local enterprise has received a stimulant from aroused State pride, an impetus from the emulation inspired by a desire to assist in a great project which invites and deservedly claims the enthusiastic support of every patriotic citizen of California. Friendly counsel and friendly co-operation are the natural result. An advance all along the line is bound to follow.

No better illustration of the desire to unite and co-operate could be given than the "get together" dinner given the members of the Oakland Chamber of Commerce by the San Francisco Commercial Club, an organization primarily formed to promote the commercial interests of San Francisco and the development of the whole State. This dinner was given last night and was largely attended by representative business men from both sides of the bay. It was an occasion worthy of more than passing attention, for it was an example of the good such assemblages can accomplish, and was significant of the new spirit and the broader view. It was prompted by a desire to promote the success of the exposition, but the immediate purpose was to bring men of different localities together and inspire the spirit of co-operation. It was a pronounced success in all respects. Every man present came away heartened with the prospect now before the people of the Pacific Coast and doubly impressed with the responsibility resting upon him individually. In the talk there was no disposition to dodge the causes of friction, but what was said in a spirit of frankness and good humor served the purpose of the gathering excellently instead of disturbing harmony. Not a jarring note was heard. Even through the humorous persiflage at the expense of Los Angeles there ran a note of genuine admiration for the energy, enterprise and civic spirit of the inhabitants of the Southern metropolis. There is no gainsaying the fact that Los Angeles was held up as an object lesson, that the achievements of the group of counties of which it is the metropolis command admiration and respect. Those achievements teach the true meaning of what is denominated the Los Angeles spirit. No higher tribute could be paid to the people of Los Angeles than the universally expressed desire that the whole State might be inoculated with their unity of purpose and their aggressive, optimistic spirit. In fact, the get together idea is an extension growth of the principle of co-operation that has made Los Angeles a marvelous example of progress and prosperity. It is an effort to apply that principle to the whole State, to bring every community and every interest in California together in working harmony.

The Commercial Club dinner has inaugurated the co-operative campaign. It has borne good fruit at the beginning, and if the movement be pushed with spirit and energy it is certain to be of enormous benefit, not only to California, but to all the states fronting the Pacific Ocean. It will dissolve local differences and cultivate a keener perception of the true elements of progress. It will bring home to the people in the remotest sections of the State a realization of what the exposition means to them, and to the merchants of San Francisco a better understanding of the relation they sustain to the interior. It is an exhortation to be friendly and neighborly and mutually helpful, and therefore is something to be encouraged. On this side of the bay interest in the exposition is ardent and sincere; we wish it to succeed and desire to assist in making it a conspicuous success. And popular sentiment here is warm and sympathetic toward San Francisco; we deplore her misfortunes and rejoice in the rebuilding of her edifices and the revival of her commerce; and we have given abundant evidence of our good wishes and desire to be helpful. But in return we ask fair treatment and the consideration to which we are entitled. That being accorded, San Francisco can count on no more generous friends and earnest coadjutors than the people of Alameda county.

True Meaning of the Coronation Jubilee.

The pomp and magnificence of the coronation ceremonies in London are not merely an expression of human vanity and the spirit of sycophancy. It is far less adulation of royalty than it is a triumphal note of patriotism. Its pageantry is symbolical of the pride and glory of nationality. Everybody knows that the King reigns but does not rule, that he is but the figurehead of the ship of state, and that his throne is merely a part of the furniture of the political establishment.

"God save the King," recites the national anthem, but the meaning in the minds of the people is something quite different. The sentiment ringing through the supplication for the personal safety of the monarch is "God save the commonwealth and the institutions which have made the British nation great and powerful." Behind the pomp of royalty, the pageantry of medieval chivalry and all the trappings and circumstances of monarchy and aristocracy is the deep, thunderous note of democracy.

It is the voice of a free people, proud of their country and its history, loyal to its institutions and patriotically devoted to the land of their birth and the ideals which have been the beacons of progress for the English speaking race. These people know that the throne rests upon their good will, and that the wearer of the crown must be obedient to their wishes; that the House of Commons is the real power in the empire, and that the throne is merely symbolical of the state and its ancient origin. For the moment the King personifies the nation; the coronation is the beginning of a new epoch in the national history, and the ceremonies incident

thereto depict the strength, wealth and pride of a people who cling to antique forms as heirlooms while asserting the right of self-government in the full meaning of the term. The survival of ancient forms keeps alive the events and lessons of history in the popular mind. Those forms and ceremonies trace the progress of the nation under various dynasties, picture the trials and struggles of the English people in their efforts to attain the full measure of liberty and self-government without destroying the externals of a past that has its glories and its title to remembrance.

The ceremonies are splendid because they are a voluntary expression of the nation. They are a tribute to the sentiment of patriotism which is centered around the person of a King who is the creature of his subjects, and who has no power save that conferred upon him by Parliament.

Moreover, this King is a true man, a modern Englishman in the best sense of the term—a clean, sane, sober, patriotic citizen—who carries in his veins the blood of all the royal lines which have graced Britain's throne. Back through Guelph, Stuart, Tudor, Plantagenet, and Norman his descent goes to the ancient Saxon kings. His blood combines Saxon, Scottish, Welsh, Norman, German and Bourbon strains; and therefore he typifies all the dynasties that have flourished in Britain since the invasion of Hengist. He represents in his individual capacity the development of the British nation and the best type of royalty. A man without reproach, he is the sovereign of a free people—is in fact, the royal figurehead of a democracy. It is a paradox without a parallel in history, and that paradox helps to explain the extravagant demonstrations of joy which attend his coronation. The British people rejoice that a lineal descendant of all their ancient kingly lines should today be the nominal head of a government that is monarchical in form and essentially democratic in substance. But it is the free state and not the institution of monarchy that claims their devotion.

Despite his letter to the San Francisco Call denying that he had presented a bill for \$50 to the Berkeley Board of Education and that he had ever demanded pay for the commencement address he delivered at the Berkeley high school, Chester H. Rowell has been paid the amount of the bill presented in his name. Those who thought the Fresno editor would withdraw the bill which he said had been presented without his knowledge and consent were mistaken. It has been pushed to audit despite opposition. The honestest of honest men will now receive the reward to which his virtue, his talents and his nerve so richly entitle him. Reform as a profession is not without its emoluments as the incident shows.

Senator La Follette wants it distinctly understood that he is in favor of reciprocity, only he is against putting it in practice at the suggestion of President Taft. The proponent of the proposition makes it mischievous in the eyes of the Wisconsin Senator.

THE BIG TREE JOB

The OAKLAND TRIBUNE raises an objection, and very properly, we believe, against the government entering into any negotiations with Robert Whiteside of Duluth for the purchase of the Calaveras grove of big trees for \$1,000,000. THE TRIBUNE does not object to the purchase of this grove, but it does object to the price. It is pointed out that a number of years ago this property was offered for sale to the government for \$250,000. Later the price was raised to \$500,000 and now it has jumped to \$1,000,000. THE TRIBUNE says this is a plain case of attempted robbery. The threats of the owner that he will cut down the trees and make them into lumber are not to be considered seriously, for such a plan is hardly practical and the government is willing to pay more than he could realize by destroying them. Some people think Uncle Sam is an easy mark and Whiteside is evidently one of these. THE TRIBUNE denounces sentimental outbursts, common in these conservation days, which stir up a public opinion upon which such men as Whiteside depend to put through robbing schemes. The big trees of California should be saved, and a good fair price should be paid for them by the government, but a hold-up game should not be countenanced. —Visalia Times.

WALL STREET'S HUMAN INTEREST

The New York Stock Exchange is the most complete institution of its kind in the world. The board room, 133 feet long by 112 feet wide and 80 feet high, has many clever devices for lighting, ventilation and the transaction of business, devices unknown on the other great exchanges.

In the basement are long rows of steel vaults containing over 1000 safe deposit boxes for the security of stocks and bonds held by the members. Every afternoon after 3 o'clock brokers and their clients may be seen carrying their securities to these vaults. Millions upon millions of dollars' worth of securities are carried through the streets of the financial district every business day, says The Strand. This daily procession is one of the picturesque sights in Wall street.

There is no street where a crowd will gather more quickly than there, even upon the smallest pretext. It may be a street faker selling some nongawdled toy or man gliding the ball on a flagpole 500 feet up in the air. A suffragette making a speech would transfer practically the entire population from a dozen skyscrapers to the standing room only in her immediate vicinity. But, unless one hurries, he will not get a good view of the fair creature, for soon she is lost from view in tangles of ticker tape tossed in reels from the nearby office windows, a favorite sport among the brokerage house clerks.

This sort of thing usually takes place during the noon hour, and at that time all voices are suspended in the first sound of a hand in the distance. Everybody flies to the curb; business can wait in this busiest of streets for most anything before 2 o'clock, when the chimes of Trinity sound the afternoon session and the street settles down to its serious business of making financial history.

There is an interesting class of men who are never seen on the street when everything is bright and buoyant, but who flock there in droves when a tempest brews and stocks fall to almost nothing. They are usually veterans of the market who know the ropes and buy when every one else is selling and sell when prices are high and every one is buying.

These wise men of Wall street are called "panie birds," and they always soar high above the street in troublous times. One "panie bird" has flown into some twenty panics and has scored with a fortune of half a million. On the other hand, one young man with a few thousands and some ordinary horse sense, took a flier in Wall street for the first time at the height or depth of the 1907 panic, and came out practically a millionaire.

HE HAD DONE ENOUGH.

Mayor Longstreth of Merchantville, N. J., recently ran for the office of mayor in the little Jersey village and one night before election he made a speech in the town hall.

"Fellow citizens," said the candidate, "I have fought against the Indians; I have often had no bed but the battlefield and no canopy but the sky. I have walked over the frozen ground until every step was marked with blood."

His story was going fine until a little, dried-up looking voter rose from his seat in the rear of the hall and cried out: "Well, I'll be darned, if you haven't done enough for your country. You go home and rest. I'll vote for the other fellow." —Philadelphia Times.

NEW YORK AND THE GARDEN

The tearing down of Madison Square Garden to make room for a business structure seems now assured. Its passing is less worthy of comment than the indifference with which the public regards that event. For several years it has been known to be inevitable that the unprofitable Garden would give place to a building for commercial purposes unless the public spirit of the city came to its salvation. The newspapers carried on "campaigns" for its preservation. The architectural beauty of the Garden was dwelt upon. Its indispensability as a home for the larger shows, meetings and exhibitions that form a necessary part of New York life was pointed out. The advisability of the city's purchasing the structure was insisted upon. As delicately as possible the attention of the philanthropist was drawn to the need and the opportunity.

Smaller cities than this rally to build "colosseums," "amphitheaters" and "convention halls," but there were only the slightest indications that New York was

moved by the certain fate that was approaching its great and beautiful meeting place. A few "letters to the editor" were elicited, and that was all. To them succeeded an apathy which looks upon the approaching demolition of the Garden with scarcely a protest.

Perhaps it is the boundless optimism of a young metropolis which makes it indifferent to possessions, however, indispensable. Subconsciously the city is doubtless saying that though the Garden is going another building fitted to the same purpose will be sure to take its place "further north," and it is indifferent to what it leaves behind. It has grown accustomed to see the tide of business sweep away its homes and pleasure palaces, the natural abiding places of its sentiment, until it regards the crumbling foundations of the Garden as one of the dispensations of nature with which it has no occasion to quarrel. New York watches the Garden to go with all the callousness of self-confidence.—New York Tribune.

REGULATION OF KISSES

New Jersey is always furnishing something new in the way of a sensation and the latest is a New Jersey wife who has her better half haled into court on the charge of having kissed her against her will. In most states such a charge might have been dismissed as frivolous or ridiculous, but not in New Jersey, for the uxorious gentleman was bound over in the sum of \$100 to keep the peace and was warned by the court that he must never again kiss his wife without her consent. Here is a decision that may be far-reaching in its consequences if the doctrine of it creeps abroad. And the matter is further complicated by another New Jersey decision in a somewhat similar case, where a New Jersey wife sought from the court an expression of judicial opinion as to how many times a day a man had a right to kiss his wife. Here was no question of consent; it was simply a question of quantity of endearment.

In this case the New Jersey Solomon made the husband sign an agreement that he would not kiss his wife more than ten times a day and the agreement further read:

"And I further promise that should I ever exceed the ten kisses per diem, my wife, Alexandra, may complain to this court and I will consider my parole broken and take the consequences."

These two decisions would seem to indicate either that New Jersey wives are too blamed fussy and particular, or that the New Jersey swains need some lessons in the osculatory art. In many states the frequency of divorce is often attributed to the fact that, after marriage, men grow less affectionate and demonstrative; in New Jersey they would seem to be too much so. We are inclined to think that there is some strange mystery behind these two remarkable cases.—Buffalo News.

20 YEARS AGO IN OAKLAND

The Society of Practical Ethics, for the purpose of protesting against the pool rooms in this city, was organized last evening at the home of Mrs. Charles Webb Howard, at which time the following were among those present: Mrs. P. D. Browne, Mrs. J. C. Almsworth, Mrs. A. J. Ralston, Miss Maud Wyman, Mrs. M. J. Goodfellow, Mrs. L. E. Dam, Mrs. J. S. Wall, Mrs. G. B. Bayley, Mrs. L. P. Fisher, Mrs. John Garber, Mrs. J. L. N. Shepard, Mrs. Albert Brayton, Mrs. George Gray, Mrs. J. E. McElrath, Mrs. J. H. Nicholson, Mrs. J. R. Glascock, Mrs. L. A. Booth, Mrs. Albert Miller, Mrs. D. H. Wheaton, Mrs. B. F. Wyman, Mrs. L. E. Prescott, Mrs. F. B. Ginn, Mrs. J. B. McChesney, Mrs. Percy, Mrs. J. A. Palmer, Mrs. W. W. Elow, Mrs. A. E. Haight, Mrs. John Deane.

An accident happened to the Colonels at San Jose. They won a game yesterday, and there was wild excitement among the players, but it was not their fault they won the contest, as they were playing against a crippled team.

The fact may be worthy of record that the shell mound on which two Alameda policemen saw something they took to

be a ghost was once desired by Senator Stanford as a site for a residence. Pedar Sather, the owner of the property, was then alive, but he asked more than Stanford would pay and the latter went to Palo Alto, where he purchased and built him a home.

Among the Oaklanders who are leaving for their summer vacations are the following: Mr. and Mrs. George W. Fisher, Mrs. Frank Pierce and children, Mrs. H. C. Taft, Mr. and Mrs. H. O. Trowbridge, A. Moore and family, Mr. and Mrs. A. W. Kirkland, John Lewis, David Little, Horace P. Brown, George C. Stanley, Mrs. Charles H. Holt, Mr. and Mrs. A. S. Woodward, Mrs. John McMillin, Justus F. B. Ogden, Mrs. George B. Seaman and daughter, Mrs. E. B. Hawley, Mr. and Mrs. Harry I. Coon, Miss Nellie Cutting, Dr. F. H. Fisher, Rev. George W. Sweeney and wife, E. W. Woodward, Adolph Uhl, William Sutherland, W. C. Mason, E. E. Potter, Eugene J. Sieben and J. B. Lauck.

An announcement of considerable interest to the society people of Oakland is the notice of marriage of Charles Nichols of East Oakland, chief surveyor of the Pacific Coast Insurance Union, and Miss Kelley, daughter of M. J. Kelley, paying teller of the Sather Banking Company.

Miss Ethel White entertained several of her friends at the residence of her sister, Mrs. L. N. Cobblestick on Fourth avenue. Among those present were: Mr. and Mrs. L. N. Cobblestick, Mr. and Mrs. Percival White, Misses Ethel White, May Cobblestick, Emma Lombard, Constance Pollard, Valerie Sutton, Belle Cobblestick, Roxie Lagoria, Amelia Lagoria, Amy White, Clara Walker, Messrs. Horace P. Leach, Phil Dahlen, John Bartelme, Wilkes Johnson, Frank Titus, Alfred White, Frank Taylor, C. Beets, Walter Forsyth, Will Cobblestick, Phil Misch, Percy M. Nune, Gus Leavenworth, James Cobblestick, Hubert White and Oscar Taylor.

THEY GROW HAIR

Certain Ingredients if Properly Combined Stimulate the Human Hair Growth.

Resorcin is one of the most effective germ destroyers ever discovered. Beta-naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Resorcin "33" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and we believe it is the most effective remedy known to medical science for scalp and hair troubles. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp in spots is bare of hair, providing, of course, there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Resorcin "33" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Resorcin "33" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sizes, 50 cents and \$1. The Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth

CROWDS FLOCK TO ORPHEUM; DIMINUTIVE ACTOR MAGNET

GEORGE AUSTIN MOORE at the Oakland Orpheum this week.

The crowds are flocking to see wee Master Gabriel at the Oakland Orpheum this week, where the tiny comedian is scoring a mammoth hit with his play, "Little Tommy Tucker." Master Gabriel has come to the coast after closing a starring tour in "Little Nemo," under the direction of Klaw & Branger and has proved to be one of the most popular recruits ever drawn from the so-called "legitimate." Mature in years and with a man's brains and intelligence Master Gabriel is not much bigger than a minute and so he fits splendidly into one of those roles that remind the old fellow of Peck's Boy at his best and the youngsters of the lads to make merry into the Sunday supplements.

Two of the best and brightest acts on the Orpheum bill this week will remain but one week. George Austin Moore and Cordelia Haager in a merry potpourri of songs and dances will close their engagement Saturday night, as will also Isabella D'Armond, the demi-tasse comienne, who is assisted by George More

CAR GRAFT CASES QUIETLY SETTLED

Cases Against Indicted Illinois Central Officials Have Been Dismissed.

CHICAGO, June 21.—The Illinois Central repair car graft cases, were practically settled yesterday. The men indicted for conspiracy to defraud the company are to go free, and the whole matter will be brought to a close within the next week, according to the Record-Herald.

The fact that the graft cases were settled became known when the civil suit against Charles L. Ewing, former superintendent of the road, was dismissed. Ewing, with Frank B. Harriman, former superintendent of the road; John M. Taylor, former general superintendent; Orlando Keefe, former superintendent of transportation, and J. E. Buckner, former superintendent of maintenance, were sued jointly by the road for approximately \$1,600,000.

"I don't know anything about the criminal prosecution of these men," said Marous Baton, attorney for the defendants.

"All I desire to say is, that the differences between the railroad company and Ewing, Harriman and Taylor have been adjusted and that everybody is satisfied."

HANDS WOULD BURN LIKE FIRE

Could Lay Pin in Cracks. Four Long Years of Eczema. Only Relief in Scratching. Used One Set of Cuticura Remedies. Hands Entirely Well.

"I can truthfully say Cuticura Remedies have cured me of four long years of eczema. About four years ago I noticed some little pimples coming on my little finger, and not giving it any attention, it soon became worse and spread all over my hands. If I would have them in water for a long time, they would burn like fire and large cracks would come. I could lay a pin in them. After using all the salves I could think of, I went to three different doctors, but all did me no good. The only relief I got was scratching."

"So after hearing so much about the wonderful Cuticura Remedies, I purchased one complete set, and after using them three days my hands were much better. To-day my hands are entirely well, one set being all I used." (Signed) Miss Eula Narber, R. F. D. 2, Spring Lake, Mich., Sept. 26, 1910.

No stronger evidence than this could be given of the success and economy of the Cuticura Remedies in the treatment of torturing, disfiguring humors of the skin. A single hot bath with Cuticura Soap and a gentle scrubbing with Cuticura Ointment are often sufficient to afford immediate relief in the most distressing cases and permit rest and sleep when all else fails. Cuticura Soap and Ointment are equally effective in preserving, purifying and beautifying the skin, scalp, hair and hands. Cuticura Soap (50c) and Cuticura Ointment (50c) are sold throughout the world. Potter Drug & Chem. Corp., sole props., 139 Columbus Ave., Boston.

Mail free, samples of Cuticura Soap and Ointment, with 32-p. book.

NEW YORK, June 21.—Edwara Stack, pitcher for the Philadelphia Nationals, entered the East Fifty-first street police station here before daybreak this morning and informed Lieutenant McMullen that a gold watch fob, worth \$200 and greatly valued for the sake of association, had been stolen from him at the Grand Central subway's station. The fob was in the shape of a lion's head with diamond eyes and was presented to him by Chicago fans when he was with the Chicago Nationals.

WEDS HER HERMIT AT AN ALTAR 100 FEET IN AIR

Miss Beatrice Farnham Becomes Bride of John Otto in Colorado.

COOK WEDDING FEAST OVER A CAMP FIRE

Explosion of Dynamite Concludes Festivities in Monument Park.

GRAND JUNCTION, Col., June 21.—standing before an altar of quartz and granite, carved and fashioned by the hands of the bride on a narrow ledge 100 feet from the ground, and reached by a trail hewn out of the solid rock by the bridegroom, Miss Beatrice Farnham, the Boston artist and sculptress, and John Otto, eccentric hermit, prospector and trail builder, were married late yesterday afternoon in the National Monument park of which Otto has recently been appointed superintendent.

It had been originally planned to hold the ceremony on the top of Independence Rock and lofty spire towering over 600 feet in the air, the pinnacle of which no one has reached before yesterday except Otto, who for months has been busy cutting steps in the side of the rock spire, but the minister balked and a compromise was effected.

ECCENTRIC DETAIL

In the wealth of eccentric detail there has probably never been such a wedding before. Before the ceremony, the bride cooked the wedding feast over a campfire, then donned her wedding gown of white satin, with long, bridal veil and made her way to the foot of the cliff, where the groom, in blue serge coat and khaki trousers, awaited beside the minister, who was clad in the full robe of the Episcopalian clergy. At the altar Otto specified that the words "honor and obey" should be omitted from the service.

"It's silly," he declared. "I never heard of a woman obeying her husband, anyway—and what is the use of making them lie every time they stand up before a minister?"

BURNS INCENSE.

The ceremony over, the bridal party descended from the cliff and Otto burned incense in the form of cedar berries before his bride. Then together they planted a young spruce tree solemnly declaring that it should grow as long as their love continued. Later when the wedding gown had been exchanged for a mountain climbing costume, the newly married pair scaled the Independence spire, and on its pinnacle, where they had planned to be wedded in the first place, repeated a marriage ceremony of their own devising.

The explosion of a number of sticks of dynamite included the wedding festivities and Otto immediately took up his work of perfecting his "stairway" on the side of the rock, while his bride resumed her task of carving the Declaration of Independence on the other side of the huge natural spire.

LIVES RETIRED LIFE.

Otto for years has been known for his peculiarities. He lived a retired life among the great, curiously fashioned rocks of Monument Park, building trails for others to use, but always avoiding the society of men whose trips through the park had been made less difficult by his labors.

EIGHTEEN KILLED WHEN TROOPS DISPERSE MOB

VIENNA, June 21.—It is known that eighteen persons were killed and twenty-five severely injured, some of them fatally, when troops fired a volley into a crowd of election rioters at Dobrobocz yesterday.

The second ballots in the election for the reichsrath, which were decided yesterday, completed the discomfiture of the Christian Socialists in Vienna, where they held a narrow majority.

Prior to the elections, Vienna was represented by twenty Christian Socialists, three German Liberals and ten Social Democrats. The relative position now is Christian Socialists four, German Liberals ten, Social Democrats nineteen.

WINS \$22,500 SUIT FROM MILLIONAIRE

CHICAGO, June 21.—Mrs. Augustus Bahlers, who was sentenced to the penitentiary in 1906 for throwing red pepper in the eyes of William Grace, a millionaire contractor, was yesterday awarded \$22,500 damages in the Superior Court in a suit brought against Grace for alleged malicious prosecution.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color; Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

TRIES SUICIDE

The Rev. T. H. Gardner Seeks Death by Rope, Poison and Fire.

ELLENBURG, Wash., June 21.—Rev. T. H. Gardner, the traveling minister who killed his wife near Kittitas recently and who is in the county jail here awaiting trial, tried three times yesterday to commit suicide, once by hanging, once by drinking a poisonous liquid and once by setting fire to his flowing beard.

After he had been frustrated in his attempts to hang himself in his cell and after the poison failed to have the desired effect, Gardner poured the liquid over his whiskers and set fire to them, endeavoring to inhale the flames. He failed in this effort, but succeeded in burning off his beard.

BURGLARS SEEK

FUN AND PLUNDER

Romp Through Dozen Newark Dwellings, Getting \$2000 in Loot.

NEWARK, N. J., June 21.—Burglars romped through nearly a dozen dwellings in Roselle Park during the last twenty-four hours and apparently got as much fun as plunder out of it. They cleaned up in all what is estimated to aggregate \$2000 worth, all from houses, by a coincidence, in which graduates of the high school, which had a commencement in the evening, are residents.

The burglars appeared to get their fun out of transferring wearing apparel and small objects from one house to another and in raids on pantries.

CRIPPEN'S ATTORNEY
FACES BAR CHARGES

DAWSON ON WAY TO
VENEZUELA CELEBRATION

LONDON, June 21.—Arthur Newton, the attorney for Dr. Hawley H. Crippen, who was hanged for the murder of his American wife, the actress, Belle Elmore, has been found guilty of professional misconduct in connection with the notorious case by a committee of the Law Society, and yesterday the Divisional Court was asked to "deal with him." This constitutes a request that Newton's name be stricken from the roll of solicitors of the Law Society. The court adjourned without announcing a decision.

WASHINGTON, June 21.—Thomas C. Dawson, American minister to Panama, left Washington today for Hampton Roads, where he will embark upon the armored cruiser North Carolina for La Guira as the head of the American delegation to the Venezuelan centennial celebration at Caracas next month.

Twenty-Six Mammoth Locomotives Arrive for S. P. Lines in the West

One of the Monster Mallet Compound Freight Engines Used by the Southern Pacific on the Heavy Grades Over the Sierra Nevadas.

Twenty-six of the most modern type of locomotives, a part of the 136 ordered a year ago by the Southern Pacific Company and within another two weeks will be placed in operation over the heavy Sierra Nevada and Tehachapi mountain grades. The Pacific system of the Southern Pacific Company is to have 55 of these new iron monsters. Thirty-eight of

them are to be used on that part of the system under the jurisdiction of E. E. Calvin, vice-president and general manager, with offices at San Francisco. Calvin's jurisdiction extends west from Sparks, Nevada, to San Francisco; north to Ashland, Oregon, and south to El Paso, Texas.

These engines mean to the shipping and traveling public a saving of thousands of dollars. They will expedite the transportation of fruit to all points in the country, saving much money to the grower and shipper by making deliveries in perfect condition and securing for the producer top prices. Several hours consumed in traveling over these heavy mountain grades will be cut from the passenger schedules of the company by the new, large and modern passenger engines that are to be placed in service.

TWELVE MALLET.

Of the thirty-eight locomotives to be operated on the Calvin lines of the Pacific system twelve are of the Mallet consolidated type, twelve of the Mallet Mogul type, five of the American type and nine are switch engines. The five of the American type have already been received and set up in the Sacramento shops of the company. They have been in operation for about three weeks. Nine of the Mallet Consolidated locomotives have already been delivered at the shops of the Baldwin locomotive works at Philadelphia, and will probably arrive at Sacramento within a week. The nine switch engines are also on the way westward. The Mallet Moguls, which are a new type of engine for the Southern Pacific Company, have not yet been delivered.

FUEL OIL BURNERS.

All of these new locomotives are equipped with fuel oil burners. The Mallet Consolidated locomotives are known as the quadruple compound Mallet type, and are practically two complete freight engines in one. The cab is located in front of the locomotive, thus protecting the engineer and fireman from smoke in the passing through tunnels and preventing the obstruction of the view in rounding sharp curves. These engines have 16 huge drive wheels and are capable of hauling a 1600 ton train over the Sierra Nevada and Tehachapi grades, three ordinary locomotives being required to perform similar service heretofore. The Mallet Mogul locomotives are similar in construction to the Mallet Consolidated, except that they consist of two passenger locomotives consolidated into one. Briefly, the consolidated locomotive comprises two sets of engines assembled under one boiler. They are the first of this type to be used by the Southern Pacific Company and will be used in hauling the passenger trains over the Sierra Nevada and Tehachapi grades. It is expected that all of the new locomotives for the Southern Pacific Company will be delivered within the next three or four weeks.

DETECTIVES GUARD TAFT IN NEW YORK

Threats of Crank Send Plain Clothes Men Scurrying to the Depot.

NEW YORK, June 21.—An unusually large number of detectives, plain clothes men and uniformed policemen, met President Taft on his arrival at the Pennsylvania station from Washington last evening at 8:30 o'clock, a half hour late. Secret service men and city detectives mingled with the crowds that thronged the station building. Close watch was kept on everybody not known to the police, as a rumor had spread that police headquarters had heard that a crank had threatened to make a demonstration against the President upon his arrival. The President traveled from the capital in his private car, "The Ideal," attached to the regular Washington express due at 8:56. He was accompanied by his brothers, Henry W. and Horace Taft, Mrs. Henry W. Taft, his son Charles, and his military aide, Major Archibald Butt.

The President entered the big touring car of Henry W. Taft and was whirled away to the residence of the latter in West Forty-seventh street for dinner. He attended the performance of H. M. S. Pinafore at the Casino immediately after dinner and then returned to his brother's residence for a rest preparatory to the hard stage of speech-making and feasting ahead of him at New Haven today and part of Thursday.

The President seemed worn and tired when he stepped from his car. His face was unusually stern and rigid. He smiled wearily when the crowd clapped as his automobile moved out of the station.

RIDES ON WATER WAGON INTO \$17,000 FORTUNE

OROVILLE, June 21.—As a reward for laying aside what his father termed in his last will "the wasteful and reckless conduct" of his son, and as a further reward for acquiring "steady" and "temperate" habits and "a fixed purpose in life" and "an apparent determination to become a useful member of society," Charles A. Meng has been granted possession of the residue of his father's estate, amounting to over \$17,000.

The will of the father provided that the son should be placed on a probation of five years, and that the question of whether or not he should be given the estate was to be determined by his conduct during this period of probation. The five years are now up. Monday Meng appeared in court with a petition certifying to the fact that he was steadily and usefully employed, and that the habits of which his father complained had apparently been corrected. One of the first acts of young Meng was to give \$1000 to his aged grandmother, Mrs. Janet Rice, with whom he has been staying.

Searchers have been dispatched to look for the missing men.

LET'S HIS BABIES STARVE;
2 YEARS ON CHAINGANG

WOODLAND, June 21.—George A. Johnson was sentenced to two years on the county chain gang by Judge Hawkins. The county will pay the probation officer \$20 a month to be used toward the support of his children. Johnson was arrested some time ago and sentence was suspended on his promise to provide for his children, but he failed to keep his promise, so he must serve his time on the chain gang.

OAKLAND BOARD OF EDUCATION HOLDS REGULAR SESSION

Adopts Resolutions Providing for Amending of Rules and Regulations.

MANY CONTRACTS FOR REPAIRS AWARDED

The Classification Committee Recommends Election of Several Officials.

In view of the fact that a new board of education will soon direct the affairs of the local schools, the present board of education at its meeting last evening in the city hall annex adopted the following resolutions:

"Resolved, That the rules and regulations be amended to read: Section 2—Standing committees—The president of the board of education shall appoint, within thirty days succeeding his or her election, the following standing committees: (1) rules and regulations, (2) elementary schools, (3) grounds, buildings and equipment, (4) high schools, (5) finance and revenue.

"Four members shall constitute a quorum for the transaction of business. No measure passed by four votes, except a motion to adjourn, to postpone to a definite time, to reconsider, to commit, to lay on the table, to amend, to substitute or the previous question, in which case a majority of the members present shall be sufficient.

"The rules of the board of education may be amended or repealed at any regular meeting of the board by an affirmative vote of five members, and of such proposed amendment having been given in writing at a previous meeting."

MAKE RECOMMENDATIONS.

The classification committee recommended the election of the following named persons for one year dating from July 1: R. B. S. York, deputy city superintendent of schools; A. C. Barker, assistant city superintendent of schools; E. J. Cox, assistant superintendent of schools; J. L. Turner, first assistant secretary; Irene L. Orr, second assistant secretary; Eva M. York, stenographer; Garland W. Wentworth, stenographer; William M. Hammond, assistant to the principal; and J. L. Hagab, elected a teacher in the evening high school from July, 1911, to July, 1912.

The school house and sites committee recommended contracts, which were awarded by the board of education as follows: Painting of manual training and commercial high school to S. E. Matthews & Son; painting of Swift school building to James Cahill & Co.; carpenter work on Swift school building to O. B. Ackerman & Son; shingling of high school building to A. D. Campbell, laying of concrete sidewalk on Fagoda avenue to Henderson, Crist Construction Company. Contract for iron fence on the Clawson school grounds to A. C. Parrott. Contracts for heating apparatus in the Melrose, Elmhurst and Dewey schools were given to Charles B. Taylor Company. Leases of school houses were granted to Mary E. Norton for one year dating from July 1 and Edith E. Young for six months.

SECRET EVIDENCE FOR GRAND JURY

Believed That Indictments in Criminal Case Will Be the Result.

There will be a session of the Grand Jury tomorrow morning at the Court House for the consideration of a criminal case. The hearing will be conducted by Chief Deputy District Attorney Philip M. Carey, who admitted this forenoon that all probability an indictment would be returned. He said he could not disclose the identity of the accused party for the reason that he was not in custody and might leave the State if he got any inkling of his prospective prosecution.

Peoples Water Company Seeks an Injunction

SAN FRANCISCO, June 21.—The Peoples Water Company of Alameda and Contra Costa counties, this morning petitioned the United States Circuit Court for an injunction to restrain the town of Richmond from enforcing the new water rate. They declare that the charge fixed by the city council is confiscatory and that they would be unable to realize 7 per cent on their investment.

BERKELEY CONTRACTOR CENSURED BY JURY

BERKELEY, June 21.—Contractor George F. King, who is constructing the Enoch Morrill apartment house at East street and Shattuck avenue, was censured by a coroner's jury today for negligence in connection with the death of John W. Givens, prominent church man, who fell from the second story of the building Monday.

The verdict of the jury was that Givens met his death accidentally, but that there was negligence on the part of King in permitting a heavy steel beam to rest loosely on top of the pillars at the front of the building without being made fast.

BOARD OF WORKS LETS CONTRACTS

Sewer Work in District No. 1 Arranged for and Also Garbage Matter.

At an adjourned meeting of the Board of Public Works before noon today the contract for sewer work in district No. 1, which was contested between the firms of Chambers & Heavy and C. D. Vincent, was awarded to the former constructors under a bid of \$70,132.18.

This completes the contracts for the sanitary districts in East Oakland, including an expenditure of \$476,000, the bonds having been sold at the last meeting of the Board of Public Works. The work will be completed within the next few weeks and be rushed to completion. The contract provides that it be done within the next five weeks.

The Signal Steamship Company was awarded the contract for carrying the city's garbage to sea on a bid of \$2480 per month.

The widow of P. E. Hynes, who served as an officer in the police department for twenty-six years, was acknowledged as eligible to obtain a pension of \$1000 by the Board of Police and Fire Commissioners.

The pension, which is payable in a lump sum, will be granted upon application of the heirs.

Owing to the absence of Mayor Mott, ex-officio member of the board, a number of matters were continued until after his return, which will be next Sunday.

He is at present in Humboldt attending to business matters. His return will be the signal for the gathering of the newly elected officials who will administer the city government for the next four years.

Outside of the mayor and auditor, the commissioners will decide by lots which will serve for two years and which for four years.

ELECTRIC COMPANY TO CHANGE HANDS

The Great Western Power Co. Will Enter San Francisco Field Soon.

SAN FRANCISCO, June 21.—According to an announcement made yesterday, the Great Western Power Company on July 1 will formally take possession of the City Electric Company of this city, thus becoming an actual rival of the Pacific Gas and Electric Company.

For several years the Great Western Power Company has had its transmission lines into Oakland. Its great generating plant is in Butte county and it serves many interior customers.

Recently the Great Western Power Co. closed a deal by which it bought the City Electric Company for \$4,000,000, payable in four quarterly payments of \$1,000,000 each. This was at the rate of \$80 a share for the 50,000 shares, or \$10 a share higher than the then market value.

Herbert and Mortimer Fleischacker hold a large majority of City Electric stock and put through the deal with the Great Western.

The Fleischackers are to be the managerial representatives on this coast for the Great Northern Power people, whose head is Edwin Hawley of New York, a Wall street factor, extensive railroad magnate, both east and west of Mississippi river, and protégé of the late C. P. Huntington.

HIGHWAY MAY RUN THROUGH CITY

Mass Meeting in Contra Costa and Alameda Counties to Get Appropriations.

That one of the new State highways, for the building of which \$18,000,000 was recently voted by the Legislature, will in all probability run through Oakland, Berkeley and Alameda counties, was the opinion of State Engineer Nat Elbery, who discussed the matter at the Palace Hotel in San Francisco yesterday.

Elbery said that there was no certainty as yet as to where any of the State roads will be built, though as to the locations of several sections of the road he says there can be little doubt.

In all sections of the State mass meetings are being held to get the benefit of the \$18,000,000 to be spent. Alameda and Contra Costa county residents held meetings yesterday, 800 Contra Costa voters attending a gathering at Martinez, to organize for a campaign to secure a State road through that place.

DESTROYERS TO GO ON DOCKS AT NAVY YARD

VALLEJO, June 21.—Torpedo boat destroyers Hopkins and Truxton arrived at Mare Island navy yard yesterday and the destroyers Lawrence, Goldsborough and Rowan are expected to be here by the end of this week. All are to be docked for repairs and will remain here until July 10, when the entire flotilla will depart for Seattle. They will cruise in the waters until September, visiting Portland, Astoria and other cities, when they will return to their home port, San Diego.

WOMAN TAKES STAND IN COURTMARTIAL CASE

VITERBO, Italy, June 21.—At yesterday's trial of the Camorrista, a woman named Caruso, employed as a domestic by Genaro Cuocolo, who is said to have been stabbed to death by several members of the Camorrista, testified that a knife with a black handle enclosed in Cuocolo's hand when his mutilated body was found by the carabinieri, corresponded with one missing from Cuocolo's kitchen. She thought it was the same knife.

POLITICAL CROOK SENTENCED

SEATTLE, June 21.—Alfred Olsen, former proprietor of a cheap hotel in the first ward, was sentenced today to serve from three to five years in the penitentiary for promoting false registration prior to the recall election last winter.

LATEST NEWS FROM OUTSIDE TOWNS

PERCY TREAT SUES TO QUIET TITLE

Secretary of California Jockey Club Brings Action Against Brother.

MARTINEZ, June 21.—Percy Treat, secretary of the California Jockey club, filed suit in the Superior Court yesterday to quiet title against his brother, Hayward Treat and William A. Nunliff as intervenor. The property involved consists of 268 acres of land in the Ygnacio Valley which is valued at \$50,000.

The suit will be heard before Superior Judge R. H. Lattimer.

The land is a portion of the ranch left by the father of the Treat boys, who was a Contra Costa county pioneer. In the complaint Percy alleges that his father left him a deed to the entire property in the Ygnacio Valley. Hayward Treat now comes forward with a deed allegedly given to him by the father, cutting the Ygnacio property in half, and bestowing it in equal shares to both the sons.

Percy Treat believes that the deed in his possession is the only legal one in existence and asks the court to settle the matter in this manner.

S. P. COMPANY RESTRICTS ALTAMONT RIGHT OF WAY

ALTAMONT, June 21.—Upon the receipt of a legal notice requesting them to discontinue moving their fences from their original right-of-way to a point which is alleged to be an encroachment on the private property of several large cattle owners, the Southern Pacific Railroad Company has now giving themselves less space for a right-of-way than before.

Several of the stock owners, it is said, gave the men working for the company notice to stop their work, but they paid no heed and the law was resorted to immediately.

ITEMIZE THE COST OF WHITE PLAGUE

SAN FRANCISCO, June 21.—The cost of the great white plague cost the community, the family and the individual in hard dollars and cents, was told the national association for the study and prevention of tuberculosis by Drs. Edward A. Locke and Cleveland Floyd of the Boston consumptive hospital department. The figures were based on a careful study of the cases of 500 male patients. Of these cases 244 died cost the community \$177,560 each, or a total of \$31,072.

The 250 living have cost \$284.18 each, a total of \$71,045. The total cost of the plague for the 500 of \$72,937.

The cases showed an individual loss in wages of \$426,039. Four hundred and twenty-two of the victims were heads of families with an average weekly earning before stricken of \$17.50. Their average earnings decreased to \$7.36 after they were taken sick. Death left 181 families entirely without means of support while the other two-thirds are reduced to an income of about \$10 per week. Control of "Tuberculosis in Smaller towns" and "Tuberculosis as a Factor in the Social Cost of Living" were other subjects taken up today.

RESTORES PLEASING PLUMPNESS

Samose Sold Under Osgood Bros., 7th and Broadway, "No Cure No Pay" Plan.

DENVER, June 21.—What victims of the great white plague cost the community, the family and the individual in hard dollars and cents, was told the national association for the study and prevention of tuberculosis by Drs. Edward A. Locke and Cleveland Floyd of the Boston consumptive hospital department. The figures were based on a careful study of the cases of 500 male patients. Of these cases 244 died cost the community \$177,560 each, or a total of \$31,072.

The 250 living have cost \$284.18 each, a total of \$71,045. The total cost of the plague for the 500 of \$72,937.

There are a good many people in Oakland who ardently wish they could find some way of getting fat and plump. While not ill, yet they are so thin and scrawny that their friends think they cannot be well. In nine cases out of ten this condition can be readily overcome by using the Samose, a little tablet taken three times a day with the food does wonders in building up good health and restoring the pleasing plumpness which is the mark of a healthy man.

Osgood Bros., Seventh and Broadway and Twelfth and Washington, have the agency for this preparation and it will make the promise that if it does not do what is claimed for it, the money will be refunded.

You certainly can afford to try a 50c box on this plan, as Samose will do nothing unless it gives satisfaction.

MONSTER LINER OLYMPIC DOCKS

Twelve Tug Boats Are Needed to Bring Steamer Into New York Harbor.

NEW YORK, June 21.—Twelve stout tugboats strained and pulled on the White Star liner Olympic today on her arrival from England on her maiden voyage. The Olympic was given a noisy welcome as she moved up the Hudson river, escorted by a fleet of tugs that started alongside the pilot like fish after a shark.

The berthing of the Olympic, with her 82½ feet of length, was no small task. The federal government had permitted an invasion of one pilot boat, but the greatest care had to be exercised to prevent the building lines from carrying away the new temporary extra dock.

HIGH AVERAGE SPEED. The Olympic made an average speed of 21.7 knots on her maiden run to New York, covering the course in 5 days 16 hours and 42 minutes.

Julius Adler, the pilot who brought the Olympic through the harbor lanes, remarked as he relinquished the wheel: "She handles like a cat."

The Olympic sailed from Southampton at noon of the 14th, stopping at Cherbourg and Queenstown, and was sent away from each of the ports with great enthusiasm.

The vessel's gross tonnage is registered at 40,000 tons, as against \$2,500 tons of the Lusitania and the Mauretania, which have until recently held the record for size.

The Titanic, a sister ship of the Olympic, is now being built, but the race for leadership is so keen that two other ships are already planned to eclipse them—the Aquitania, which the Cunard line is building, and which will be longer than 5000 tons and faster than the Hamburg-American line's Imperator, whose length will be 800 feet and tonnage 52,000.

SLAYER MUST DIE. SAN FRANCISCO, June 21.—The order of the superior court that John Byrne be hanged for the killing of Policeman George O'Connell November 15, 1906, was sustained yesterday by the supreme court. The last appeal of the condemned man was overruled in a lengthy decision which declared that the evidence in the lower court was sufficient to convict Byrne of murder in the first degree.

SUNDAY SCHOOL CONVENTION DELEGATES BUSY

DAY GIVEN OVER TO
MANY CONFERENCESDepartments Meet in Special
Session and Discuss Many
Interesting Subjects

SAN FRANCISCO, June 21.—Departments of the international Sunday school convention here today. Sessions of the various sections were held at various hours and were marked by a large attendance.

At the formal opening of the main convention tonight A. B. McCrillis will preside in the absence of President Sutes. The delegates will be welcomed in behalf of California by A. E. Boynton, president pro tem. of the State Senate, and the personal representative of Governor Johnson, and by F. H. McCarthy, mayor of San Francisco.

The principal addresses are "The Sunday School in the Christian Conquest of North America," by the Rev. David G. Downey of Chicago, and "The Open Bible and Uplifted Cross," by the Rev. J. Wilbur Chapman of New York.

Home Missionary Day
Crowd Throngs Big
Auditorium to Door

SAN FRANCISCO, June 21.—Home missionary day of the international Sunday school convention held in the Coliseum yesterday proved one of the most successful in the history of the great organization. Besides the thousands in the auditorium of the big meeting place, visitors, delegates and religious workers of all sects, 500 Orientals—Koreans, Chinese and Japanese—were seated upon the platform, demonstrating the worth and effect of the home missionary movement.

The morning session opened with the singing of the assembly under the leadership of Professor E. O. Exner of Chicago, and the hymns, "Where He Leads Me" and "The King's Business."

Rev. G. Wallace of Nebraska, who presided, introduced as the first speaker Robert M. Hopkins of Cincinnati, whose subject was "Missions." In part he said: "In the first chapter of St. Paul's Epistle to the Corinthians and the eighteenth verse we read, 'For the word of the cross is to them that perish as foolishness, but to them that are saved it is the power of God.'"

A "TREMENDOUS COUNTRY."

"This tremendous country of ours, with its incoming border of aliens at the rate of 1,000,000 a year, is a great missionary field. This country, in its highways and byways, its places of isolation, its diversity of hill and plain and mountain fastnesses, calls for the exertion of all the power that the Christian church can wield."

"These incoming millions every year make this country the greatest foreign missionary field. These people come to us for the gospel. We must give it to them. We must live among them and demonstrate to them the power of God by dealing fairly and squarely with them."

Rev. Henry J. Coker, D. D., of Kansas City spoke on "The Christianization of North America." In which he called attention to the danger in this country of the worship of rich men and those in political power. He said:

"This, with sensuality, is one of the signs of decay. It is what ruined the nations of the past. Greece had love without purity, had eloquence without love, and art without religion. Rome was only a little less weak and in America today our society shows the signs of similar decay."

"I doubt whether every man, woman and child in the United States knows the name of Jesus Christ. We are not a Christian people because of the greed and graft that is among us. We are full of covetousness."

DEBAUCHING OF YOUTH.

"When boys of twelve can be sent to deliver messages at the dead of night into the red light district, where no human eye should be permitted to penetrate, it shows that we have failed in a thing impossible we are not properly handling the child problem."

Rev. W. S. Holt, D. D., of Portland, Ore., spoke on "Home Missions in Relation to Our World Responsibility," and began with a statement that he said he had heard a speaker make in China, where Americans were celebrating the Fourth of July, as follows:

"The United States is bounded on the north by aurora borealis, on the south by the procession of the equinoxes; on the east by the rising sun, and on the west by the day of judgment."

"This expresses the world's relation into which the United States has come. Our relations to Japan, Korea and the Hindus are going to affect our responsibility in that quarter of the globe. We must treat them through our home missions."

NEED ON FRONTIERS.

"Religious Need on the Frontiers" was divided between two speakers, the first

of whom was the Rev. J. V. Milligan, D. D., of Portland, Ore., who spoke of this need in the mining camps and the cattle ranges. He said:

"The great aim of the Sunday school should be the establishment of a Sunday school within the reach of every man, woman and child in the United States. It should be made so interesting that every child will be willing and anxious to be present every Sunday and so instructive that no adult person will be willing to be absent."

The Rev. F. E. Higgins, the "Lumberjack Sky Pilot," told of the needs of the men in the lumber camps, and his talk was the second part of the subject, "The Religious Needs of the Frontiers." He said:

"The conditions among the lumberjacks are far worse than they were twenty years ago. Now thousands of men are employed in this work in the woods. There will be fifty or a hundred saloons," he said, "and as many brothels and gambling houses. To visit these places and preach the gospel is one of the pressing needs of today."

He ended his address by a description of how a wounded man was cared for and how, after he had visited him, a sister of charity went to the man and concluded with a glowing tribute to what the Catholic church is doing today in the following words:

TRIBUTE TO CATHOLICISM.

"You and I can differ with the Catholic church, but for God's sake, until we have established the hospital service and are doing what the Catholic church is doing today let's stop criticizing."

The succession of discourses was broken for a few minutes at this point by the singing of "Help Somebody Today," after which the Rev. W. W. Emerson of Los Angeles spoke on "The Needs of the American City," and said in part:

"The problem of social and religious life today is the city. The ends of the earth are brought together here and every phase of religious belief and every imaginable standard of life."

"Political corruption and self-aggrandizement is a besetting vice. The grandeur of the governmental machinery for use of the protection of the criminal and the overthrow of honorable men is prevalent in every big city. A good majority fails to rule in a city, while a corrupt minority rules and plunders."

LOCALIZED VICE DANGER.

"Vice segregated and localized with the force of an official inspector is a danger to the community and liable to spread physical disease and moral leprosy. The greatest work of the church today is the education of the moral conscience. The church will live, but it must be adapted to the city needs. The city needs love more than combat."

The Rev. H. M. Hamill of Nashville, Tenn., spoke on "Our Brother in Black." As a soldier who fought on the Southern side and is intimately connected with negro life, he paid an affecting tribute to the colored man, saying: "After telling how the negro had become Americanized, of his rights as a citizen, he concluded by saying:

POWER OF NEGRO.

"He has become the power of the South. I hold him the power of the South. He has conquered the malaria and tilled the soil that makes an empire. He has fought the battles of the South and at the front fighting, the negro by day was tilling the soil and earning a living, his hands master, and at night keeping holy vigil over the defenseless women and children. May my hand lose its cunning and be severed from me before I will ever raise it against any one of them."

AFTERNOON SESSION.

The afternoon session was begun as was the morning, by the singing of hymns. These were "Where He Leads Me," "I Will Follow," "Loyalty to Christ" and "I Love to Tell the Story."

The first speaker to be introduced was the Rev. R. P. Shepherd of St. Louis, who spoke on the "American Problem," and began by quoting from First Corinthians, chapter 3, and 16th verse: "For if I preach the gospel I have nothing to glory of. For necessity is laid upon me, for woe is unto me if I bring not glad tidings." "In our American society one thing upon which all else must stand human home. There is no time to be lost here as it is today."

SOMETHING ABOUT DIVORCE.

"Thirty years ago we allowed one divorce for every seven marriages. Fifteen years ago we allowed one divorce for every fifteen marriages, and today, in California, I believe, there is now one divorce for every four marriages."

"We get hysterical at polygamy in Utah, which is not one whit worse, however, than what we legalize in the other states."

"Politics is rotten in the United States because the business men and politicians have clean politics except by education, which is a long-drawn-out issue."

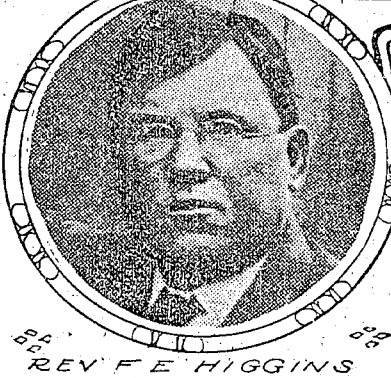

CHILD SUPREME PRODUCT.

"The supreme product of the American life is the American child. We must begin where God begins. To do this preachers should see that the roll of the child is the most important part of their work."

The convention cheered itself hoarse during the afternoon when 475 members of the Korean mission, conducted by the Rev. William Acton of the local Methodist Episcopal church (South) entered, singing "Onward, Christian Soldiers."

KOREANS ENTER SINGING. Thousands of delegates and their San Francisco friends were seated in the building when the first delegation, members of the Korean mission, conducted by the Rev. William Acton of the local Methodist Episcopal church (South) entered, singing "Onward, Christian Soldiers."

PROGRAM

TONIGHT.
At the Coliseum—Opening of the convention proper, A. B. McCrillis presiding.

TOMORROW.
Morning—The Coliseum. Triennial assembly, John Sutes, president, presiding.

Afternoon—The Coliseum. "Religious Education in the Home," home visitation department and home department, William Hamilton presiding.

Evening—The Coliseum. Tercentenary of the King James version of the Bible, John Sutes, president, presiding.

This morning a final payment of \$48,000 was made by the Chamber of Commerce Building Association to the Harrison Realty Company for the lot and building at the southeast corner of Thirteenth and Harrison streets, upon which the new home of the Oakland Chamber of Commerce is to be constructed.

"This," said Julius Abrahamson, the president of the association, "now places us in possession of the property and insures for this city a home for the Chamber of Commerce which will be worthy of both the organization and the city of Oakland."

"This is not the first sum that we have paid on this property because, at the time, \$48,000 was advanced for the purpose of getting an option on this most desirable piece of land. There is at the present time a fine building on the site which will be improved so as to adapt it to the uses of the Chamber of Commerce until a new and modern and substantial structure shall supplant it."

"There is a nucleus in the hands of the association for the purpose of starting the new structure and this will be used at the earliest possible moment consistent with proper consideration of all the facts in the case. The lot is 70x100 feet and is in a most eligible location, being immediately opposite the Bankers' Hotel, which is now in course of construction."

In the end corps colors fringed with gold braid.

The cadets will wear their new grey and red full dress uniforms. The officers of the cadet corps include: Captain L. N. Cobbledick, Lieutenants Charles R. Aiken and Robert H. Chase. The non-commissioned officers are: Sergeants—Frank Homer, Herbert Bonham, Leland Lawton, Lawrence Garcin and Roland Springer; corporals—Herbert Chase, Lloyd N. Cobbledick, Ford Q. Eldridge, Edward H. Sanderson, Albert Silvernail, John S. Talcott, Henry Shreve, Lawrence Honn and Raymond Upton.

Owing to the great success of the many recent minstrel shows given by the cadet troupe in this city, Yosemite Valley and elsewhere, another big show will probably be given in the near future either at the cadet armory or at Ebell hall.

First Congregational
Cadet Corps to Head
Sunday-school Parade

The First Congregational Cadet Corps of this city, commanded by Captain L. N. Cobbledick, has been selected by the committee in charge of the monster parade of the Sunday School convention in San Francisco to lead the procession on Friday evening.

The cadet corps is being gratulated by its friends. A beautiful green and white silk flag bearing the inscription, "First Congregational Cadet Corps, Oakland, California," will be presented to the company Friday evening, before the parade begins, by the Rev. Loyal L. Wirt, assistant pastor of the First Congregational church, as a token of appreciation. The flag will measure six feet long and four wide and will be

Hold Rally On the
University Campus

In connection with the Sunday School convention now in session in San Francisco, the executive committee of the Alameda County Sunday School Association has arranged for a great open air rally to be held on the State University campus Sunday, June 25, to which all Sunday schools are cordially invited.

Speakers of national prominence will address the meeting, which will be held at 3 p. m.

CYANIDE OF POTASSIUM
FATAL TO RANCHER

SANTA ANA, Cal., June 21.—David W. Brewer, an orange grower of the Placentia district, was found dead last night, lying under a tree in his orchard. He had been ill and had taken cyanide of potassium. Brewer was 48 years of age.

NON-UNION MEN STRIKE.

SACRAMENTO, June 21.—Fifteen non-union structural iron workers struck yesterday on the Southern Pacific steel and concrete bridge being erected across the Sacramento river at this city. They demanded union wages. Fifteen union men are now on the job, having taken the strikers' places.

DECLARES DIVIDEND.

BOSTON, June 21.—The new England Telephone and Telegraph Co. has declared a quarterly dividend of one and three-quarter per cent, increasing the annual rate from six and a half to seven per cent.

HYDE AGAIN ARRESTED.

KANSAS CITY, June 21.—Dr. R. Clark Hyde, now on \$50,000 bond awaiting a second trial on the charge of murdering Colonel Thomas H. Swope, a millionaire philanthropist of this city, was arrested last afternoon charged with "careless driving."

Dr. Hyde drove his electric coupe on the wrong side of the street while turning a busy downtown corner. The traffic squad officer at the corner said Dr. Hyde refused to listen to his command that he "get on his own side." Dr. Hyde was released on his own recognizance.

PEOPLE'S VOICE
TOO LOUD,

Secretary Nagel Declares That
Popular Call Sometimes
Invites Chaos.

Urges Graduates of the Brown
University to Get Into
Public Life.

PROVIDENCE, R. I., June 21.—"There can be no time more promising than this to have every man understand your government and to take his place somewhere in the column, be it in the ranks or at the head," said Secretary Nagel of the Department of Commerce and Labor at the commencement day exercises of Brown University here today. Secretary Nagel discussed the proposed Arizona constitution and spoke of the bill for popular election of United States Senators.

"The initiative sounds plausible," said Secretary Nagel. "The basis of the suggestion is that legislative bodies do not respond to the actual demands of the people. I think it might be said with perfect safety that if there is a weakness in representative bodies today it is because they are too ready to respond to the superficial popular demand. The flood of suggestions for legislation constitutes nothing more or less than the effect to please spasmodic popular feeling."

Secretary Nagel said the referendum had been applied in some measure at all times.

POPULAR VOTE.

"Whenever fundamental principles are involved, constitutions, bond issues of consequence, charters, or any questions which go to the heart of the system," he pointed out, "such questions have been submitted to popular vote. But the right in a small percentage of voters to have submitted to popular vote any measure adopted by a representative body would, in my judgment, invite chaos and turmoil without end."

The recall, said the secretary, is regarded by him as the most promising suggestion. He said that it was closely related to the system now in vogue, where a majority of officials were elected for terms so short that if they had any ambition for continued service, they were to all intents and purposes subject to recall.

"My apprehension," he said, "is that the first effect of the recall will be to discourage competent men, even more than now is the case, from consenting to serve the public."

Concluding, Secretary Nagel said that the direct primary applied to the election of United States Senators had undoubtedly advantage chiefly in that it would relieve the legislature from the burden and the embarrassment of making the selections and would leave it free to devote itself to the more immediate purposes of state legislation, always assuming that this function was still to be left to the legislature.

Locals Fail to Play Usual Good Game and Beavers Are Winners in Opener of Series

LOCALS DO NOT PLAY USUAL GAME AND LOSE TO BEAVERS

Hammer Steen Out of Box, but Fail to Back Up Pernoll When He Most Needed Help

By BERT LOWRY.

Oakland lost to Portland yesterday in the opening game of the series by a score of 7 to 3, and this much can be said of the game:

If Oakland had supported Pernoll with the brilliancy that Portland supported Steen the score would have been entirely different.

Somewhat of the real reason why Portland pitched grand ball, despite the fact that eleven hits were chalked against him and if the score wasn't one of those impartial fellows who gives everybody a square deal the writer would be inclined to say that he favored Mac's miter in the baserun column.

But even that had nothing to do with the Northerners getting runs.

Three Beavers romp in opening round.

Chadbourne took two strikes in the opening round, then fouled out on the third ball pitched. Barry, no relation to Bonehead Barry, made famous by Tad, poled one to the fence for a single. Ryan, the next batter, hit into Wares' hands, but Clyde booted and Buddy was given a bingle. Krueger hit safely to right, filling the pen up.

Rappe, next in line, fouled the third strike, but Bunney dropped the ball and his swing netted him a single he never should have had. Sheehan then hit to cutshaw and dropped the ball.

Wares, who had replaced Steen, who got his in the eighth, singled and scored the two men and the runner to the plate on Chadbourne's poke to right field. That brought their total up to seven.

OAKS DRIVE STEEN TO TALL UNCLE

Bill "Sweet Six" Steen was hurling for the Beavers and the support behind him cut off after hit as well as run after the eighth inning when he blew up.

Pyl started the round with a clean drive to center. Mac, who had a few pokes at the ball and Chadbourne had to back up to the fence to get it. Hoffman then pitched to Ryan, who hit into Wares' hands. Later Hoffman stole second. Zacher's liner to left put Pyl over the plate and then Mac, chased him.

Cutshaw faced Henderson and walked. Then Henderson cut in with a wild pitch and Hoffman scored. Worton saw Wares to Pyl, who hit into Wares' hands. With the bases full Mizte went to bat, but fanned.

In the ninth Pyl doubled after Bud had fanned and scored on Cutshaw's hit. They weren't enough, though, to put the two men anywhere, since the Beavers, so that's the way it ended.

Here's the score:

FRANKIE HARRIS HAS BEST OF HOGAN IN SIX-ROUND GO

RICHMOND, June 21.—Frankie Harris, coast champion at his weight, 128 pounds, last night kept his title in one of the best pugilistic bouts ever seen in Richmond, when he fought the challenger, Mike Hogan, in a six-round go at the city opera house.

The bout was the main event in an evening's program of boxing arranged under the direction of Dr. H. N. Greger, the local druggist, and the Richmond Athletic Club.

A large crowd, including Mayor Willis and several of the city's councilmen, who were present to see that there was no rough play, witnessed the bouts.

The Harris-Hogan bout was an even one, and only at the close of the sixth round were the scales turned in Harris's favor.

The preliminaries were four, the first between Al Meite and Young Nelson of this city. The former got a knock-out in on Nelson in the second round, although Nelson put up a good fight.

The bout between Dick Wayne and Pete Blake, who fought 118 pounds, was halted in the second round, when Blake, fought himself too speedy for Wayne.

In the fight between Young Wolgast, the youngster who has been training in Richmond, and in whom the city has taken an especial interest, and Gardner, a Chinaman, and Young Hashimura, a Jap, was called off when the former demanded a raise in the purse offered.

A bout scheduled between Ah Wing, a Chinaman, and Young Hashimura, a Jap, was called off when the former demanded a raise in the purse offered.

Sanborn Smith, who is making Richmond his headquarters at present, refereed the Harris-Hogan bout, and P. Thiel acted as announcer.

DIAMOND GOSSIP

WHAT D'YE THINK?

If Cutshaw Wares Wiggs at Knight in the Hoffman House Flat (t)ter than a Pyl, will Zacher be Able (s) to Pearce Wolverton's Mize like a Coy and Christian Miller?

Oakland booted and tossed a good game away yesterday afternoon over at Recreation park in San Francisco. Say what you like about the Beavers being all the class of the league, but you can't but admit that Jimmy Luck perches on their bench nearly every time they play.

In that first inning Barry got the clean hit, but Ryan's was a fluke pure and simple. Krueger was lucky on his hit, too. Then comes Rappe and he just does up the ball on his third swing at it. Pearce belted it tapps would have fanned. Bunney dropped the pellet and then Rappe drove out a single. Sheehan hit a hard one to Cutshaw who blocked it cleverly and threw nicely to the plate. Bunney dropped the throw and three runs the Beavers had when nary a tally should have been rung up.

Even with that disastrous lead, Pernoll kept pinging away. Once he called Zacher out at first on a snap throw from Murray to Rappe that the fans didn't like, but it was all Oakland nearly in the crowd, so there is no reason to say that Hildy wasn't right. Zacher never saw what so it looked as if he had been nailed.

Hildebrand was as near perfect as it is for an umpire to be. Once he called Zacher out at first on a snap throw from Murray to Rappe that the fans didn't like, but it was all Oakland nearly in the crowd, so there is no reason to say that Hildy wasn't right. Zacher never saw what so it looked as if he had been nailed.

In the sixth inning Coy boosted one to right that just fell short of going out of the lot by a few inches. Before this Krueger made a long running catch off Pyl's hit that nobody thought he'd get. After the Coy

HEN FRUIT DIET FOR CROCKER DOGS

Meat and Bones No Longer
Served Pampered Pets of
the Heiress.

HILLSBOROUGH, June 21.—In pursuance of an anti-meal policy in the \$100,000 dog kennels of Miss Jennie A. Crocker, her staff of veterinarians yesterday cornered the egg market of three peninsula cities, San Mateo, Burlingame and Hillsborough, so as to properly feed her 100 blueblooded Boston terriers and French bulls.

The heiress has discovered something new in the care of valued canines—that is to feed them on eggs. She started her experiments in this line several days ago.

GETS TWO PER DAY.

Each dog is given at least two eggs daily, thus nearly two gross of eggs are used every twenty-four hours. This demand drained the egg market and yesterday it was learned that the heiress' veterinarians had cornered the eggs of the peninsula communities.

The manager in charge of the Crocker kennels ordered cases of eggs from the produce men of this city which are being shipped by express.

The Crocker kennels are located at the old W. S. Tevis place in Hillsborough, which was recently purchased by Miss Crocker.

KEEPS THEM HEALTHY.

The society girl believes that she can keep her prized dogs healthy and beautiful by feeding them on eggs in place of meat. The egg diet is entirely unknown to the veterinarians, who are watching her experiments with interest.

Miss Crocker, last year, lost more than one score of pet canines, who died because of lack of pure air. It is also claimed by experts that her dogs were overfed and underexercised. This is said to explain the egg diet.

Miss Crocker is a proud possessor of Sir Barney, Blue, the world's champion Boston terrier, and Halycon Alexander, the best French bull in existence. The pair of canines are valued at more than \$10,000.

EDISON'S LETTER HOLDS UP TRACTION FRANCHISE

SANTA BARBARA, June 21.—Because Thomas A. Edison, the electrical wizard, has written to Attorney James O'Connell of this city that all street cars in the near future will be operated by storage batteries, thereby eliminating overhead wires, the city council has been requested not to give the local street railway company a fifty-year franchise.

A paragraph of Edison's letter says: "Ultimately I am of the opinion that all cars on the streets of cities will be operated by storage batteries, because they are cheaper to operate and require less investment than the old system."

"We are successfully running street cars with the new batteries on two small roads; the trolley has been abandoned."

20,000 PAY VISIT TO WHITE HOUSE

President Taft's Invitation Is
Accepted by Washington
Residents.

WASHINGTON, June 21.—A crowd estimated at 20,000 last night took advantage of the invitation extended to the public by President Taft and visited the White House grounds.

As on the night before, when the silver wedding anniversary of the President and Mrs. Taft was celebrated, the grounds were ablaze with vari-colored electric lights festooned among the boughs of the great trees or flashing in set figures and designs.

The President was not visible during the evening, but Mrs. Taft, her sister, Mrs. Anderson of Cincinnati, and Miss Helen Taft, with the broad veranda for an hour watching the crowds. The marine band rendered a concert.

SAVANNAH'S PLEA FOR AUTO RACE REFERRED

NEW YORK, June 21.—The board of governors of the Automobile Club of America has referred back to the contest committee, with power to act, its recommendations concerning the issuance of a sanction for the grand prize race at Savannah. The application was made by the Savannah Automobile Club, the date desired being November 30, which President Taft will name on Thanksgiving Day.

Savannah will also have the conduct of the Vanderbilt cup race this fall, and is desirous of running the two contests on succeeding days. READY TO BEGIN ON CHANNEL WORK

Specifications to Be Sent Out
Soon by Engineering
Department.

Within a short time specifications will be sent out by the United States engineering department in San Francisco relative to the deepening and widening of the channel in the Oakland estuary from Webster street bridge to the bay, a distance of about three miles. The channel, when the present contract is completed by the San Francisco Bridge Company, will be 300 feet in width and 30 feet deep at low water. The specifications now being printed for the government office across the bay will call for the widening of the channel by 200 feet, with a depth of 30 feet, making the channel 500 feet across from the bridge to the bay.

Assistant Engineer H. L. Demeritt, representing Colonel John E. Biddle's office, stated yesterday afternoon that the government expects to expend about \$175,000 on the additional contract which the San Francisco Bridge Company now has in the neighborhood of \$150,000. Government engineers have estimated that about 2,000,000 yards of dirt will have to be dredged out to give the channel the 200 feet additional width. Sixteen months' time will be allowed to carry out the work.

GATHERING STATISTICS.

Demeritt was in Oakland yesterday gathering statistics on the waterfront as to the quantity of shipping done in the past year in Oakland harbor. By July 1 of each year the department of engineering sends statistics to Washington relative to the activities in the harbor of the State. As appropriations for harbor improvements are made largely from the showing made from these figures it is very important that the waterfront interests in this city should give all available figures to the San Francisco government office.

Assistant Engineer Demeritt will spend several days here gathering statistics. Firms along the front were notified of the government's intention several months ago and many have voluntarily sent in the particulars sought.

WOULD CONVERT ENTIRE WORLD

Baptists in International Alliance Convention Want
More Christianity.

PHILADELPHIA, June 21.—The Christianization of the world was the absorbing topic at the morning session of the Baptists World Alliance. The Rev. W. Y. Furman, of England, spoke of the missionary work that has been accomplished by all Christian workers in foreign lands. While he found there was much to praise in the work done, there is still much to be done.

"There are still a few lands," Dr. Fullerton said, "where the doors of Christianity are shut—Tibet, Afghanistan and some native Indian states. There are also places where the natural conditions form a barrier—Borneo, New Guinea, the Amazon valley, the Solomon Islands."

The morning session closed with the preaching of the alliance sermon by the Rev. Thomas Phillips of England.

DRUIDS REFUSE SUPPORT TO THE SUPREME LODGE

EUREKA, June 21.—The Grand Grove of Druids, in session here, voted late yesterday to withdraw all support from the supreme lodge of the United States, although the grove will continue to support its international lodge. But little is known of the reason for this action, although Grand Secretary Guglielmoni authorized the following statement:

"Our action is pending the changing of certain national laws which we consider antiquated, unfair and out of date. This does not mean secession from the grand lodge. It merely means that we will give it no support until our terms are met. We will retain allegiance to the international organization. This is the same action as recently was taken by the Grand Grove of the State of Louisiana."

TWO KILL THEMSELVES, ONE TRIES TO, IN NIGHT

SACRAMENTO, June 21.—Within a period of three hours last night, two men shot themselves to death here and a third attempted to end his life by swallowing powdered glass.

The shooting cases occurred at almost identically the same moment.

C. A. Scheid of Placerville blew out his brains in the plaza at Tenth and J streets at 8 o'clock. James Hernandez, proprietor of a tamale parlor at 1112 Fourth street, lay down on a bed in a room above his establishment and sent a bullet into his heart. At 8 o'clock, just three hours previous to these two tragedies, Arthur Raymond Wilson swallowed a tablespoonful of powdered glass in an attic room in a lodging house after writing a number of pathetic farewell notes to his mother, father and sweetheart. His life was saved at the receiving hospital.

STORY OF THE COMETS TO BE SPEAKER'S THEME

MAYNARD SHIPLEY, who will give an illustrated lecture on "The Wonders of the Heavens."

The "story of the comets" will be told by Maynard Shipley, lecturer and author, in the famous illustrated address upon "The Wonders of the Heavens," which will be the first in the series to be delivered next Sunday evening in Hamilton hall, Thirteenth and Jefferson streets.

In the course entitled "From Star-dust to Man," he will discuss the theory of evolution. By means of the stereoscopic slides, which he has been collecting for many years in various parts of America, he has interested hundreds in the phenomenon of the heavens.

Among the subjects to be given by the popular speaker are "The Autobiography of the Earth," "The Pedigree of Man," "Man Today and Tomorrow" and "The Evolution of Machinery and Its Social Consequences."

During the past month he gave lectures on similar topics before the members of the First Unitarian Church, which proved a success.

Present at the San Jose
Convention.

SAN JOSE, June 21.—The convention of the coast nurserymen was called to order in Odd Fellows' Hall at 10:30 o'clock this morning, with President George C. Roeding in the chair. Greetings by Mayor C. W. Davidson and Joseph T. Brooks on the part of the city and the chamber of commerce were responded to by P. A. Dix of Roy, Utah.

The remainder of the morning session was taken up with the reports of the secretary-treasurer, C. A. Tonneson of Tacoma, Wash., and of the various committees. The president's address lead off the afternoon session.

Among the notables present are E. J. Wikison, director of the United States experiment station at Berkeley; Luther Burbank, plant originator; J. W. Jeffrey, state commissioner of horticulture, and J. Reimers, landscape architect, in charge of the Santa Fe gardens throughout the country.

SIX PASSENGERS SLIGHTLY INJURED IN TRAIN WRECK

SEATTLE, June 21.—The Northern Pacific Grandview local, due in Seattle at 5:15 last night, ran into a band of sheep a short distance east of the Stampede tunnel at the summit of the Cascade mountains late yesterday and the engine and tender were derailed. Six passengers were injured, none seriously.

The injured:

I. W. Banako, Georgetown, bruised about the face and head.

G. W. Webster, Kapowsin, back injured.

E. W. Webster, hip injured.

A. Snyder, Seattle, bruised.

Henry E. Temple, Seattle, hand injured.

Lisa Oom, Indian woman, hand hurt.

A special train was sent from Auburn with physicians to care for the injured, and all passengers taken to their destination. Transcontinental traffic over the mountains was delayed several hours.

Three hundred sheep were killed when the train plowed into the herd, which contained 2100 sheep. The engine turned turtle and rolled down the embankment. The smoker turned on its side, but did not leave the roadbed.

KATHERINE BROWN TO BE BRIDE OF LIEUTENANT

WASHINGTON, June 21.—Former Senator Henry Cassaway Davis of West Virginia has announced the engagement of his grand-daughter, Katherine Brown, to Lieutenant Chester P. Barnet, fifteenth cavalry, U. S. A. The wedding probably will take place next October on the return from abroad of Miss Brown's aunt and cousin, Mrs. Stephen B. Elkins and Miss Katherine Elkins.

LARGE CROWDS VISITING MUNYON IN SAN FRANCISCO

Extraordinary Attention Attracted Here by Noted Expert.

Local People Tell of Results for Stomach Ills and Rheumatism

One of the most remarkable features about the visit to San Francisco of Prof. J. M. Munyon is the extraordinary amount of attention he has attracted here and the immense crowds that have been flocking to see him. Munyon's headquarters at a downtown drug store have been thronged all this week by visitors from this city and vicinity, all with ailments of one sort or another, to be cured by Munyon's various forms of treatment. Most notable is the fact that rich and poor come to him alike, and a few hours spent at the side of the physician is a most interesting study in human nature.

Many remarkable cases of relief secured were related at the store this week. One was that of a man who had suffered from indigestion and stomach trouble for more than ten years. He said:

"I think I had one of the worst cases of stomach trouble on record. I could not digest anything I ate. Food fermented in my stomach and formed gas, which pressed out in the abdomen and up under my heart and at times made me suffer so badly I expected to die. I had intense headaches and frequent attacks of dizziness, and I grew short of breath when I attempted to walk up stairs. I was also much constipated. I came here a short while ago and took Munyon's full course of stomach treatment. Now, I must admit, I feel like a new man. I can now eat anything I want, with no distress afterward, and all of the other symptoms of my trouble have disappeared. I notice particularly that my head is much clearer and my brain works better. I am full of ambition and energy, and enjoy life hugely. I can never tell how glad I am that I had the good sense to try this Munyon treatment."

Another enthusiastic visitor was a woman who declared that her mother had been relieved of rheumatism in a most remarkable manner. She said:

"My mother was flat on her back in bed with rheumatism, sciatic, muscular and inflammatory. Doctors had pronounced her case almost incurable and we had about given up hope of her ever being able to walk again. I procured a treatment for her from one of these Munyon doctors, and today she is able to get about the house with perfect ease and can go outdoors, and, in fact, do anything that a woman of her age might be expected to do. The rheumatic pains and inflammation have entirely disappeared. I think this Munyon treatment is a positive wonder worker."

It was announced that Munyon, or his representatives, would be on duty every day this week from the hours of 10 in the morning to 6:30 in the evening to meet all who call at the Phelan building store of the Owl Drug Company. ***

WEST VIRGINIA SUES ELKINS FOR MILLIONS

ELKINS, W. Va., June 21.—State's Attorney Kumpf has commenced suit for over \$1,000,000 against the Davis Trust Company, ex-Senator Davis Elkins and S. B. Elkins as executors of the late Senator Elkins. The prosecutor alleges that the Senator, while living, and his executors, after his death, avoided payment of this amount in taxes by failing to include in the inventory property valued at \$4,000,000. The suit will be tried in October.

LODGEMAN SHOT AND ROBBED BY STRANGER

JERSEY CITY, N. J., June 21.—Walter Riley, treasurer of the Junior Order of United American Mechanics, was found shot through the body and mortally injured under a canal bridge here early today. He had attended a meeting of his lodge during the evening and collected \$30 in dues. Riley told the police that he was on his way home when he was joined by a tall stranger. The man suddenly closed on him, and after a fight, drew a revolver, shot him and took his money and valuables.
